Complaint	On Saturday, Feb. 10th, at around 3 pm, officer Michael Griffin searched my cell while I was in the shower; while I was in the shower, officer Griffin informed me that he took my radio because it was altered. When I was returned to my cell, I noticed that it was torn apart maliciously, so I stepped aside so the portable camera could see the mess (I am on camera status due to repeated issues of staff misconduct). After reorganizing my belongings, I noticed that my radio was still in my cell, and had not been taken. I have since been served with a see reverse ticket for the radio that officer Griffin alleged that he took from my cell, a radio that I never had. I believe that officer Griffin set me up to receive a ticket as retaliation for getting in the shower - he had previously told me to stay in my cell while he's working or I'd be messed with. I have had other issues with him in the past, issues that were handled as inquiries by the Superintendent's Special Investigator. In sum, officer Griffin failed to comply with DOC policy when searching my cell, failed to use the portable camera while searching my cell in accordance with video status rules (which Captain Wilkes wrote on my door card), and set me up to receive a ticket for a radio I never had.						
Remedy Requested	I'd like an inquiry to be initiated with regard to officer Griffin's continued misconduct, I would like for my cell to be searched on camera in the future, and in accordance with DOC policy to prevent my property from being torn apart, and I'd like for my ticket to be dismissed since it was only written as retaliation.

Complaint	*Staff Misconduct*						
	<p>Shortly after 2 PM yesterday afternoon (Saturday the 29th), officer Thurber (possibly spelled wrong), in preparing me for a visit, single-clicked my handcuffs, walked me off the B-1 tier, then, while in the hallway, he whispered into my left ear "I single-clicked your cuffs in case you want to do something," the implication being that he wanted me to slip out of my cuffs to initiate violence so he could have an excuse to beat me up. Today, Sunday the 30th, the same officer, at about 8:50 AM, openly said on the B-1 tier, "I single-clicked your cuffs yesterday and you didn't do shit"- he said this to initiate harrassment against me by the inmates he was bringing to the yard. Since I've never before had any interaction with officer Thurber,...over...I strongly believe his behavior is directly related to the open harrassment I I was subjected to by officer Chaisty on Friday, the 28th (Grievance pending). By single-clicking my cuffs, officer Thurber knowingly and willingly violated security policies put in place to protect staff and inmates, and by openly harrassing me in front of numerous inmates and several of his fellow officers, officer Thurber has knowingly and willingly put my safety at risk. Moreover, each officer who stood by and allowed the misconduct to occur, including officer Innocenzi, is responsible for misconduct for failing to intervene to prevent a security issue. Worth noting, officer Innocenzi is the subject of another Grievance involving staff misconduct - Grievance #102234 (this Grievance is in the appeal phase). Officer Innocenzi was the officer handling the portable camera as I was brought to my visit. I strongly believe my safety is at risk, and I am in fear of additional retaliation.</p>						
Remedy Requested	<p>I would like for officer Thurber to be removed from duty on the B-1 tier due to his complete disregard for security, but also to deter retaliation from him or others, but if that's not possible, I'd like for him to at least be told to leave me alone and to not incite others (inmates or officers). Also, I'd like for the portable camera to be used specifically to ensure my restraints are properly applied and removed.</p>

	On the above date (12/29) shortly after 11 AM, during lunch distribution, officer McGuire told several inmates that he'd tampered with my food, and he openly called me a "skinner", a "rapist", and a "terrible babysitter"- he did this to incite verbal and physical violence against me, and he did so without cause as I said nothing to provoke him. He has also continued with his harassment in the days since, and has even harassed me directly. I expect retaliation.						
Remedy Requested	I would like for officer McGuire to be removed from duty from the B-1 Tier due to his harassment and attempts to incite violence against me, which is a security issue, or, at the very least, I'd like for him to be ordered to leave me alone. Please refer to SSI Horton.

	On Saturday, January 12th, Sergeant Burnica openly announced on the B-4 tier details of a Confidential Incident Report filed by my Mental Health Clinician, Esther Aromando. The incident occurred at approximately 1:00 PM as I was being pulled out for a visit. He announced that I had been moved from the B-1 tier because I'd reported to my clinician that inmates were harassing me and threatening me at group. His announcement was intended to put my safety at risk. Sergeant Burnica violated security by reading a CIR, and further, violated security by revealing details of the CIR openly in front of other officers and inmates. My safety is now at risk, and so is the safety of my clinician. I told my clinician and Director Fortes about the incident.						
Remedy Requested	I would like for Sgt. Burnica to be removed from duty in the DDU for his security violations, I'd like for him to be prevented from retaliating against myself and my clinician, and I'd like for him to be otherwise appropriately disciplined. Also, I'd like for there to be an investigation into how the Sgt. was able to see the CIR. Finally, unless I'm removed from the facility, I do not want to be moved- officers are the problem, not inmates.

	At about 7:20 AM during breakfast distribution, officer McGuire gave me a condiment bag with no coffee in it, and he refused to give me a different bag with the appropriate items in it. He turned to my cell, on camera, moments later just to say, "maybe if you weren't a rapist you'd get your coffee". This is the fourth time he's refused me coffee, so I know he's doing it intentionally, and since I've filed Grievances against him before, one quite recently, it's clear that he's retaliating against me. Also, his comment poses a security issue since it was intended to incite further harassment.							
Remedy Requested	I'd like for officer McGuire to be disciplined for his repeated and unnecessary security threatening harassment, I'd like for him to be educated as to proper officer/inmate interaction, and I'd like for him to be either removed from duty on the B-4 tier, prevented from distributing food, or ordered to leave me alone.

Complaint	On January 31st, Sgt. Burnica refused to allow me to go to a mental Health group scheduled for 8:30 that morning. He intentionally avoided telling the tier that it was our day for that particular group, then he returned to the tier and told everyone that it wasn't his duty to tell us anything. I told a clinician, Esther Aromando, that I had specifically asked to go the group, but Sgt. Burnica had already told her, falsely, that I and others had refused, so none of us were permitted to go. This isn't the first instance of false refusals with this officer, and I doubt it will be the last. Also, Sgt. Burnica returned to the tier repeatedly to harass me all day and into the evening instead of allowing me to speak to a Lieutenant, which is something I repeatedly asked him and other officers, like officer White, to allow me to do. It was all just a joke to them, but I talk my mental Health very seriously (I'm an SMI inmate). In some, Sgt. Burnica denied me access to mental Health services (group), refused me access to a superior officer, and repeatedly harassed me all throughout the day and into the evening, the latter of which can be verified via review of tier camera evidence (B-4 tier).						
Remedy Requested	I'd like for mental Health clinician to either supervise the mental Health group sign up round, or to do the round themselves, I'd like for a clinician to do a follow up round after group to make sure officers don't lie about refusals, and I'd like for Sgt. Burnica to be disciplined for his continued misconduct - he's been harassing me for several years now.

Complaint	This is a matter of staff misconduct involving Sgt. Burnica. The sergeant intentionally refused to allow me to go to this mornings mental Health group. It is illegal for him to deny me access to Mental Health services, so I will be filing a legal complaint. He has refused me participation in the group before (See Grievance #103442, which is still open), and I am sure he will do it again because he told me he would and could. Additionally, he refused to allow me to speak to a Lieutenant, and he returned to my cell twice to harass me about the matter - I told Lt. Rego as much during the 3-11 shift.						
Remedy Requested	I'd like for mental Health staff to handle the sign ups for their group to prevent false refusals, I'd like for Sgt. Burnica to be reprimanded for his misconduct, and I'd like for him to be required to leave me alone so he can't retaliate against me.

Complaint	At about 4 pm this afternoon, officer McGuire refused to give me cleaning supplies to clean my cell (toilet brush, broom, etc.). I repeatedly asked for the supplies, but officer McGuire only said, "I don't have the stomach to see you rape your toilet," "maybe if you weren't a ripper," and "or what, you'll file a Grievance?" I have the right to clean my cell just like anyone else, and I have the right to not be harassed constantly by staff. Officer McGuire's actions and words present a risk to my safety, and due to my status as Severely Mentally Ill, a risk to my Mental Health as well. I fear further retaliation. Officer McGuire also told me he'd leave me alone if I committed suicide.						
Remedy Requested	I'd like for officer McGuire to be reprimanded and I'd like for all interactions with staff that involve privileges or rights to be recorded - I am already on video status, so this would just be an extension of that. For example, if an officer asks me if I want cleaning supplies, I'd like for that request to be recorded, and my response as well.

Complaint	On Tuesday, May 14th, my cell was maliciously searched, then, about 10 minutes after I was returned to my cell, and after I said I'd be filing a Grievance, I was pulled out for another search, my property was removed from my cell, was trashed, then was thrown back into my cell in a pile all over my bed. The state of my cell was recorded by the prtable camera following the initial malicious search- officer Welsh controlled the camera- and officer Perkins and Lieutenant Long witnessed the state of my cell following the second search, each at around 1:00 PM. The searches occurred between about 8:45 AM and 11:25 AM. The initial search was conducted by officer Daigle and Macramos. The second search was supervised by Sergeant Samuels. The searches were not conducted according to policy- 103 DOC 506, Search Policy, which directs that care should be taken to not disarrange the inmate's property during searches.						
Remedy Requested	I'd like for the involved officers to be reprimanded for their violations of the search policy, I'd like for DDU staff to be required to search with care, per policy, from this point forward, and I'd like for steps to be taken to prevent further and future misconduct- since I'm already on video status, having officers pan into my cell before and after searches, which was done previously, is requested.

Complaint	<p>The decision for the attached complaint, #964, falls short. on 8/26, at around 1pm, my cell (215 on B-3) was unnecessarily disarranged by officers McGuire and Smith, the latter of whom is a defendant in an open civil case I filed in 2017 ([REDACTED]). The officers left piles of disarranged paperwork all over my desk and bed (the pile on the bed was covered by my mattress, which they'd folded in half intending to hide the mess). The portable camera recorded evidence of the misconduct, committed against 103 DOC 506, Search Policy. I wrote to the IPS to request preservation of the evidence. Since the filing of the attached Informal Complaint, #964, I have learned that Officer Smith and others have been telling other inmates details of my case in order to put me in danger, details he, and they, learned from reading my case file, which is part of the paperwork that was disarranged. Details of Confidential Incident Reports were shared as well. CIPs filed in the case against Officer Smith work in the same area I'm housed in is a conflict, and his behavior, and the behavior of others named and alluded to this Grievance, is a security issue.</p>							
Remedy Requested	<p>I want officer Smith to be immediately removed from duty within the DDU due to the legal conflict, I would like for someone to review my legal paperwork with me as part of an investigation into my claims, I'd like for Director Fortes to be reprimanded for failing to take action to remedy the legal conflict, which I first told her about in MAY, I'd like for real action to be taken regarding the way inmate's cells are being trashed by staff- telling them to conduct searches according to policy is simply not enough because they believe they're doing it right - I'd like for staff to be specifically told to NOT unnecessarily disarrange inmate's property, I'd like for officer McGuire to be reprimanded for his part, including random searches since he's prone to stealing inmate's coffee.</p>

Complaint	<p>Between 1 and 2PM, during a tier "shakedown," officer Michael Griffin, who has been the subject of numerous Grievances of mine in the past, and a number of other officers (see camera evidence) violated Departmental Policy 103 DOC 506, Search Policy, by trashing my cell and damaging my property. They unnecessarily disarranged over 1,500 pages of legal and other mail and paperwork, leaving it all in scattered piles all over my desk and bed, and, and on my floor and under my bed mixed with wet clothing dipped in my toilet (there was an obvious water trail). One of my brown shower shoes was torn apart and left in my toilet. My cell was neat and organized prior to the search, and ---> over... and all my property was scanned via the fluoreoscope machine, so there was no need, security or otherwise, for the officers actions. On the day of the incident, the following parties witnessed the condition of my cell and damage to my property:</p> <ol style="list-style-type: none">1.) Officer Gesauldi (possibly spelled wrong - witness during the incident, before i was returned to my cell;2.) Captain Eduards; and3.) The PM Nurse Heidi. <p>The day following the incident, the following parties witnessed the condition of my cell (I'd left it as -is overnight) and damage to my property:</p> <ol style="list-style-type: none">1.) DDU Property Officer Perkins- 1:35PM. <p>On 10/17, I discussed the matter with Deputy Hockerlotz at 10:07AM, and I showed her the damage to my property. She suggested I start the Grievance process. Camera evidence exists to support my claims, and all witnesses are staff witnesses. Also, CIRs were filed by staff. The decision to my complaint</p> <p>* Remaining of the Grievance will not fit. See attached paper*</p>						
Remedy Requested	<p>I am requesting preservation of all camera footage from all relevant times for outside, independent review, I am requesting all witnesses be interviewed in my presence so I can ask questions, I am requesting all CIRs be reviewed, and that the CIR numbers be given to me for legal purposes, I am requesting formal reprimand.... discipline of all officers involved in the misconduct, I am requesting all DDU Staff be educated as to how a proper search is conducted, I am requesting reimbusment in the amount of \$5.01 for my damaged property, and I am requesting protection from retaliation If I cannot be protected, I am requesting</p>

Complaint	<p>DDU Director Fortes denied ICC # 1184 (See attached) on the basis that " Correctional Staff do not have access to family or personal inmate information," but that is simply untrue - staff distribute inmate mail daily, and staff search inmate cells regularly, so direct access certainly does exist. By way of one of these means of access, staff did acquire the address of my female friend, [REDACTED], and did give it to inmate [REDACTED], who sent [REDACTED] an unrequested, unwanted letter, causing her to fear for her safety. She has contacted the facility about the matter, and has reported it to the State Police as well (she lives out- of-state). She and I are certain staff passed along her address because she'd just moved in September, and [REDACTED] wrote to her at the new address- there is no possible way for [REDACTED] to have otherwise acquired her address. [REDACTED] is willing to be contacted about the matter - her phone number will be provided in-person only.</p>						
Remedy Requested	<p>I'd like to be pulled out for an off-teir interview to discuss the matter due to the private nature of some of the details, I'd like for [REDACTED] address ,to be provided in person to be removed from inmate [REDACTED] possession immediately in accordance with [REDACTED] woshes, I'd like for the identity of the offending officer to be determined, I'd like for that officer to be formally reremanded, up to and/or including termination for putting a private citizen at risk, and I'd like for there to be cooperation, per [REDACTED] wishes, with outside authorities as necessary. Finally, for my own peace mind, I'd like for my mail to be folded over, in the area of the sender, and stapled in a way that prevents staff from seeing the addresses of my loved ones. * I'd like for inmate [REDACTED] to be treated as a witness, not a perpetrator.</p>

Complaint	During the Saturday evening medication round, officer Cameron, who has a history of harassing me, verbally assaulted me, which included sexual harassment, and suggestions to kill myself, and how to do it. His language especially in front of female staff, The nurse on duty was Michelle was highly inappropriate, and worsened by the fact that I am a severely mentally ill inmate. Courts have ruled , in this state, that urging someone to commit suicide, especially if they're mentally ill. is a crime, so officer cameron's assault goes well beyond misconduct.						
Remedy Requested	I want officer cameron ordered to not speak to me, or about me in my presence, during commission of his duties, unless there is absolute need (security, appointments, etc.) If his harassment continues, I want him reprimanded and charged.

Complaint	At approximately 9:30am, Sgt. Flanigan entered unit C4 of the DDU to take inmates to yard. I followed all the procedures necessary to make sure I can go to yard and even took extra measures, for legal purposes, by waiving a big white envelope that said "YARD" in big bold letters outside my door for the camera, as well as the C.O., to see. I was denied yard with no reason being given to me at all. Also, records can show that whenever Sgt. Flanigan does yard, I don't go outside. It's because he denies it.

Complaint	On the above incident date officer's came on the tier along with the food cart officer's, to take me out for my evening Insulin. I informed the escort officer's that I would like inspect my food before I went for my Insulin. Officer Bernieka the officer passing food out stated that I did not need to check my trays. He passed by my cell without allowing me to inspect my food. Then came back with the trays while the officer's were handcuffing me attempting to put said trays in my cell without allowing my to check my tray. It has been time's that I have taken my trays on face value from this officer without checking and things have been missing from the trays more than once. Complaint	This morning approx. 9 AM I went out for recreation in the yard and while outside my cell was being destroyed for no apparent reason. The Sergeant on shift Dragone has done this multiple times only because I chose to go out for my 1 hr. rec I'm entitled to. When I came in my toothbrush was in the toilet, bed undid (I made it before I left), he threw away multiple manilla envelopes I needed for papers, and I can tell he was looking Through my personal pictures. I believe this is considered misconduct of staff/correctional officer. He continues to bother me throughout my stay in Walpole ever since I wrote him up for unnessarry strip searches.

Complaint On the above date at approximately 9:00 AM I placed an authorized Personal Call. After 5 minutes of being on the Phone my call had dropped. I alerted staff member, Officer Dragone of the issue to which he had the officer who is authorized to review all calls, check to which she lied and told Officer Dragone that my call did not drop and that the other person on the call said "She had to go and Good bye." When I was told this I tried my best to explain that this was not true but was ignored to which caused me to go into crisis, Placing and tying rope around my neck to which no officer called in. Director Amanda was informed by the officers about the issue and requested IPS Officer Dubois to check the call. After further review, it was concluded that I was telling the truth and in fact my call did drop and the officer who checked my call lied. This has made me feel as though I am being targeted.

- I am requesting to be transferred to STP in January because I am S.M.I.

Complaint This institution caused severe physical & emotional distress by being deliberately indifferent to it's own rules & procedures to the degree that I was violently attacked from behind by an enemy of mine that was known to security staff. The fact that I suffer from severe eyesight issues (also known to C.J. Staff) only made me more vulnerable to the attack. Since the attack I have suffered from severe anxiety & panic attacks, when treated, I was given a pamphlet & told we'll see you in a "few weeks". To say this is insufficient care is an understatement. Lastly, I grieve the sanctions recieved as a result of being attacked. To be punished for being attacked is noy only ridiculous, but could be seen in the light of " cruel & unusual."

Remedy Requested I would request better oversight of enemy issues, better care & that the D.O.C. preserve the record, including video evidence of the attack & photo.

Complaint	A few months back, when I was doggedly trying to get the egogrious error on my 1-16-18 classification paper work corrected by DDU CPO Michael Lebrun (who ineptly and shoddily compiled it-its strewn with errors), during his DDU round on Delta wing, his response was "stop raping people nigger!" (Munns, so the egregious error I was reffering to was the 11 rape convictions he - mike- erroneously credited me with (I have two seperate rape convictions). I am writing this grievance because I'd like to withdraw my withdrawal (I wrote a grievance about this a couple of months ago then withdrew it under duress) for his (MIkey Lebrun) sentiments are the same, he reiterated them on Mon.						
Remedy Requested	That he be written up and suspended w/out pay and made to correct all of my classifications to reflect the true rape convictions which are two not eleven.

Complaint	<p>I'll make this short and sweet, because I've seen this "movie" for the umpteen time, and know how it ends: "Your allegations of staff misconduct are unfounded." -INQUIRY...</p> <p>On 6-27-18 I penned a letter to DDU CPO Amanda, requesting a "Religious Order Form and an "Inmate Religious Request Form," for that Friday on her DDU round. DDU "CPO" Mikey Lebrun, whose tasked with retrieving the mail, has been screening my correspondences to her then depending on whether or not I've criticized him for shirking his duties as a CPO, he'll toss out my mail addressed to his colleague (who he use to consistently make demeaning comments about in the past). Which he did with my 6-27-18 correspondence - and alluded to it last wk. when he slithered on the tier last wk. to drop off something in my bed book card for the DDU Lt. to give to me later. I asked CPO Amanda on 6-29-18 if she had received my letter that I sent to her on 6-27-18. She hadn't, I asked her again today is she had finally located the letter. She said she hadn't received any mail from me.</p>						
Remedy Requested	<p>Mikey Lebrun is tasked w/ retrieving mail for CPO's in DDU. He's been tossing out my mail not addressed to him after reading it. That's a Federal Offense. I'd like him arrested, and dragged off the premises kicking, screaming, crying with snot running down his nose, as he babbles about being sorry. Barring that he be written up for tampering and destroying inmate mail. Or, since he likes to open up mail from me, I can gladly mete out my own sense of vile justice. Which is exactly what I intend to do, since I already know how this "movie" (i.e. Inquiry) ends. So much for short and sweet.</p>

Complaint	I am being forced to file 2nd Grievance since my last one was ignored from on or about 9-13-18. I was threatened by Correctional Staff Haliback. He threatened to knock me out and take my ass, and to T-bag me if he caught me in population. On 10-10-18 the Superintendent's Special Investigator questioned an inmate about the incident. He was told that the Special Investigators office only received one (his) complaint. I wrote an Informal Complaint to Jessica Dutra. I wrote an emergency grievance to IGC Munns. I wrote a letter to Superintendent DeMoura. I have now written a letter to the Executive Office of Public Safety, Daniel Bennett and informed him of this Administration preventing me from filing grievances of Threats of Sexual Assault. I am advising you to process this complaint or I will file a Civil Complaint for violating my rights. I have a 1st Amend. right to file grievances against prison officials and to be free from retaliation for doing so. Watison V. Carter, 668 F.3d.1108, 1114 (9th Cir. 2012)						
Remedy Requested	Stop attempting to prevent me from exercising my right to file grievances. Investigate the allegations. I want the officer terminated from his job because he is a danger to my wellbeing and because sexual assault ie RAPE is never something to be taken lightly. If no action is taken or if my complaint is ignored again, I will file a Civil Complaint and seek damages in the amount of \$100,000.00, as well as court costs & attorney fees.

Complaint	<p>I experienced cruel and unusual treatment during nighttime chow at approx. 530PM on the above mentioned date (including time and dates that followed the Intitial Incident where I was subsequently locked in my cell)I noticed mice running on top of the metal counter where the trays were being served and when I stood to point out that the mice were heading directly toward the tray slots inside of the kitchen to the staff and inmates serving food I was physically escorted out of the chow hall where my hands were cuffed behind me and my head was slammed against a concrete wall then while my legs were being restrained was called a "bitch" multiple times in my face. Shocked at how the situation escalated so quickly I asked staff what the problem was and he replied that I am the problem and continued to move me much faster than im able to walk in leg irons in order to cause a painful transport, when I asked if we could slow down I was told I'd be dragged, and when caught trying to look at his name he said I'd better remember it. After being removed from his control by staff I asked what I'd ever done to him to deserve this to which he didnt respond and I was told to drop the issue by staff and left in the HSU holding cell. Eventually I was let out of restraints and asked if I had any injuries to report which I denied because I was afraid of the consequence of the situation escalating further. I suffer from PTSD and severe anxiety which are diagnosed and documented as I'm an SMI inmate and I was in such a bad mental and emotional state I wasnt able to talk about what had happened to me at the time and later on when called to the HSU around 730 to talk to the nurse, the same staff who assaulted me was waiting in the hallway for me staring and standing in the way I had to walk to intimidate me not to say anything.At 9PM LOCK-IN IPS Officer SMITH took pictures of me and asked if I was sure I didnt have any injuries to * The rest of the grievance will not fit. see attachment *</p>						
Remedy Requested	<p>#1: Formal Video Preservation request documented for all areas where incidents occured 530PM-830PM+.#2: Written apology from all staff involved for why the situation became physical. #3: To be offered one of three placements listed soon as MATRI's available=First being a re-entry block/program where im maxx'd out on good - time for my earliest date August 27th to be home for childs birth, Second being Permanent Work-Force or Plate Shop, Third being Pre-release Program because of my release-date. #4:Transfer to OCC (medium) as soon as MATRI is available so I can be around staff who are more under-standing of people with mental Illness/SMI and so I can deal with my mental+emotional issues - - and get help.</p>

Complaint	I was being escorted to the shower. I was wearing a towel around my waist with my medical shoes on. Once secured in the shower I took off my towel I snaked it through the bars. Lieutenant Sameuls gave me the face cloth. I asked her if I can speak to her. She said "No, this ain't the time". She went to turn on the shower from outside the shower. I get underneath the water for about two seconds and I became irritated. So I come back to the shower door that has open bars. I start to tell her the home truths about herself and I said "Yeah, you're petty and spiteful and you can't take me at my word because your word is no good." She starts yelling "yeah fuckin yeah, yeah, yeah" and turns off the shower. She said "You're not fuckin getting a shower". I said "I'm not coming out then". I went to grab the towel to put around my waist to be courteous she grabs it from me and I don't let it go and raises the can of gas and I let go. She says give me the face cloth and as soon as I said no before I can say no she gassed me. It felt like a hot rod down my throat. I turned away and fell to the floor and could not breathe. My chest tightens up on me. She wheeled the contraption and said something I couldn't hear. She did that to gas me out in the shower. I was taken out 10 to minutes later and felt like an eternity. I was not offered a shower to decontaminate.						
Remedy Requested	Restraining order, verbally reprimanded and take away her license to carry gas.

Complaint	Shortly after the incident of June 23, 2020 where a Fellow inmate lost his life. I complain to the SMI director Amanda about Sgt. Vargas using my Food leverage to Force me into compliance of removing a covering off my lights, which I did. Since then Sgt. Vargas has demonstrated hostile animosity towards me & today (June 27,2020) without announcing himself on tier till after he by passed my cell calling out clear windows, taking yard list & phone slips upon hearing this I removed window covering & called out to Sgt Vargas to have my name put on the yard list. Sgt. Vargas refused to put me down for yard & in response I lost my anger & called him a bitch to which he responded by saying why don't I hang it up too, in reference to the incident of June 23, 2020. Also Sgt. Vargas has gone out of his way to have my phone slips returned to me by another officer saying I would not be making any calls today which I had to bring to the attention of Lt Kerrian, in order to be allowed my phone calls. Sgt Vargas has demonstrated in action & words that he has a personal issue towards me						
Remedy Requested	Obviously this is a escalating matter which I wish to avoid Sgt Vargar should not be allow to make such demeaning statements & any incident report written against me be dismissed & incident such be documented
