Informal filed	<u>Yes</u>	<p>I AM filing this in Accordance to 103 CMR 491.9.8) and 103 CMR 522 Employee Misconduct by LT ERickson and Sgt Porcaro At SBCC. I filed this 3 times including an informal and the process was delayed. I went to court on 2/27/18 and was Provided IMS Spreadsheets regarding incident reports. It has come to light that these officers according to the IMA spreadsheets are responsible for altering and editing incident report #1560294 and incident report #1561642. IR#1560294 is Sgt Balls report and incident #1561642 is Sgt Bernards report. These sergeants accessed there own incident reports individually one time. Sgt Balls report was written 12/27/16 - 10:36) Sgt Bernards was written 12/31/16 - 20 :36) These Officers never accessed there reports again according to the Spreadsheet. Yet LT ERickson and Sgt Porcaro according to the logs accessed these reports collectively 29 times for Sgt Balls reports 16 times for Sgt Bernard. Those were edited and I have the edited reports and the IMS spreadsheets which clearly shows that neither Ball or Bernard did there own editing seeing they only accessed the incident reports one time. These edits were made so that the descriptions of events and the inmates alleged behavior would be consistent with the manipulated and that my all eqations into the events that occurred on 12/26/16 including staff AssAult and StAff misconduct are true. It is said that accessing another officers incident report cannot happen. with the duplicate incidents reports with the same # different versions and the IMS spreadsheet and logs clearly show that is A lie. There is clear cut evidence to show these officers broke the rules and regulations of IMS Password access and have manipulated there power and access to be able to make such changes. There are 16 pages of IMS Spreadsheets incident reports and LT ERickson and Sgt Porcaro are uof limited to altering only those reports these 2 are the most *TOO MANY CHARACTERS TO FIT INTO IMS SEE HANDWRITTEN COPY*</p>			
Remedy Requested	Monetary Damages/Access to All incident report printed and any or All incident reports that were edited altered. Access to LT ERickson and Sgt Porcaro IMS computer use and officers involved Days off schedule. An internal and outside investigation into this specific misconduct. Officers retrained into IMS use. Any and all Personnel involved in helping or involvement to be suspended and held accountable for their Actions. 100/A DAY for any time spent in isolation stemming from this incident.

Complaint	<p><u>No</u></p> <p>I am grieving the c/o of H-1 as staff misconduct. On 8-15-18 two inmates threatening my life with a shank to give up my property or I would be stabbed, I said 'take it, I dont want any problems.' Once I stepped out of my cell I look at the c/o on first shift, not Gagnon, the other one, &amp; he seen what was going on &amp; put his head down &amp; covered his face with his hate. Once the inmates left my cell, one with my tv &amp; the other with my food, headphones, tablet, tablet adapter, cosmetics, mono stereo adapter, new bowl, new cup, this was all in a pillow case, then, the c/o (whose name I don't know) put his head up once again. This is all on camara, prior to this happening, that c/o was talking to the leader of the guys who went in my cell with a weapon and then everything took place. This officer is involved in my incident &amp; did set me up to be attacked this is all on camara, then on 8/16/18 he was up in HUS in the am and looked at me, on a watch and smiled at me, I amidiately told IPS Cushinberry, to pull the camara and see him wink, smirk, and nod his head at me, he said that he would. But No One! Has came to investigate my alligations. I am filing this now since I was on a suicide watch from 8/15/18 to 8/24/18 and just got a grievance since on a watch I wasn't allowed writing meterial. Thank you!</p>

Complaint	<p>I filed an informal complaint about two inmates stealing my property by threatening to stab me with a prison knife if I didn't. Then I asked that my property be looked for, shake the unit down if necessary and do a cell by cell asking for receipts &amp; checking if the inmate owns whatever electronics they have. Most specifically, TV, Tablet &amp; headphones as well as radio. I asked for the two inmate shown on camera stealing my property be giving a d-report for stealing &amp; charged as this can fall as a home invasion and stealing is a criminal offence which I reported to the DOC and has been ignored! My informal complaint was denied, stating that the property dept is not responsible for lost or stolen property! But the DOC is responsible to prevent this from happening and always encourage inmates to report it! I did just that and yet the DOC refused to do a single thing! It is on camera I gave the IPS Commander all the information needed and it has been ignored! When does the DOC have responsibility?! What was I supposed to do? If the DOC will not protect me and my property, am I basically being encouraged to fight and defend my own property? Am I being told to steal anyone's property and I can get away with it? Because that's all I see. My property was not stolen when I wasn't around, I was robbed, threatening at knife point for my property and ignored by the DOC who only decided to let me deal with this on my own. So, again, when does the DOC take an action, and are responsible?!</p>		
Remedy Requested	<p>I want the DOC to criminally charge inmate [REDACTED] and inmate [REDACTED] for threatening to stab me, for assault, aggravated assault for extortion, for home invasion, by breaking into my cell and putting a prison knife to my neck then taking all my property that is a crime, and the DOC is obligated by law to resort to the proper authority when a crime has been committed and reported and it's on camera and charge the inmates total of \$550.00 &amp; \$275.00 each for my stolen property. I also want the video of H-1 pulled from 8-15-18 from 1:00pm -2:00pm both videos of the H-1 unit to prove my allegations are true.</p>

Once the inmates left my cell, one with my tv &amp; the other with my food, headphones, tablet, tablet adapter, cosmetics, mono stereo adapter, new bowl, new cup, this was all in a pillow case, then, the c/o (whose name I don't know) put his head up once again. Complaint	<p>On 11-24-18, I had asked the Sgt. to please call Medic "5" that I was having a crisis, I was told by Sgt. Lane, "Give me a reason to call them," I said I didn't have to him a reason, that "I am in crisis, please call medic 5." he once again said, "I told you, give me a reason &amp; I'll call them. Show me something.." I, then cut my left arm from top, (bellow my elbow, inner arm) down towards my wrist, requiring 15 stitches. But once I cut my arm I said "Can you please call medic 5, please." The Sgt. Lane then said, "Now, I'm not going to waste a call on you! drop dead!" The Sgt. Lane, and other C/O's who were at my door, with the shield, then left my door, leaving me to bleed out. I then began to feel light headed &amp; dizzy, &amp; fell out. On their next round, a code 99 was called! The inmates in cell #12, 13, &amp; 14 told the C/O's &amp; Sgt. "Call medical, get him medical attention!" &amp; Sgt. Lane said to them, "Shut yall fucking mouth &amp; mind yall business!"</p>

Complaint	<p>I am filing a grievance alleging staff misconduct in accordance to 103 CMR 491.09.(5)(b), against The SBCC Superintendent Steven Silva, and against the SBCC Superintendents Special investigator, Jamie Brousseau for corruption, conspiracy to commit a crime, for destruction of evidence to a crime, for allowing violence without consequences, for targetting me after reporting staff misconduct and for crue and unusual punishment, negligence, and a violation of my 8th Amendment and first amendment rights garanteed to me by law! I was attacked by inmates, my property stolen by force, C/O seen the whole thing and allowed it, reported this to Administration, my evidence was on video, which I asked to be saved, instead it was destroyed, then I wrote superintendant who refuses to take actions, respond to my letters, investigate the destruction of evidence, and or report the crime to the police! Complaint	<p>Due to new information I received on 11/30/18 from Vicki PinedA, a S.B.C.C. Paralegal, I noticed that Superintendent Steven Silva lied and held information from me regarding allegations of staff misconduct by officer Nisson Wong. On a letter dated 01/02/18, Silva stated that even though my allegations of staff misconduct were found to be sustained, my allegations of an officer forcing me to participate in work status with knowledge of a security concern was Found to be not sustained. If you reffer to Investigation intake #16541 by James Gerardi, you'll find that Officer Wong went out his way and ignored my conserns, instruction given by IPS Officer Jose Rodriguez, and went against desitions made by LT Montanez, his superior. A full investigation would show that IPS Rodriguez told him there was a security concern. It would show that I voiced that consernto Kitchen LT Montanez. It would show that Officer Borges advised wong against it. Also that after all that information and instructions from superior Officers, Wong called N1 and spoke with Officer Costen to make sure I was on the roster to work on that date. IPS Rodriguez states that wong perfectly understood the conversation.</p>		
Remedy Requested	<p>I ask for this investigation to be finished by interviewing LT Montanez, Officer Borges, &amp; Officer Wong. I ask that Wong be fired. I would ask he get demoted but he got a promotion months after he was found to violated State's General Policy, Section I &amp; 103 DOC 426.03 Section 3 by James Geradi. Finally I ask Steven Silva to find that wong forced me to work with knowledge of a security concern.</p>

Complaint	<p>No</p> <p>This's to report "STAFF MISCONDUCT" and abusive behavior (which "does not require the submission of an informal grievance first"), meant to harass and endanger me, by C.O. O'Malley.</p> <p>On Fri. 2.9.18, 07:35, M1-47, and as witnessed by block C.O.s and Sgt, and unit inmates: During a lock-in, C.O. O'Malley, while passing out breakfast said in response to my telling him "I get the Kosher diet"; "There's your kosher tray you fucking jackass Jew". I said, "did you just swear at me?". He responded, "yead I did, you're a moron, a tool, a rat hebe:. He screamed this publicly. Then he yells to Sgt. Burdick using my full name "hey sarge, [REDACTED] gonna rat me out, he's gonna write me up, ha ha". He repeated this ran over and over as he continued to pass out trays to the second level tier. When Sgt. Burdick passed by my cell he asked "What was that all about?". I said "I don't know, I did nothing to him. He's been verbally abusive to me for years on H2, without any provocation. He is a racist, an antiSemite and has a personal issue with me, often acting unprofessionally towards me an other minority inmates. It's worse when he comes in drunk, which I think he is right now". Sgt. Burdick responded, "I don't know about all that CONTINUED OVER...</p> <p>CONTINUED FROM PREVIOUS PAGE... STAFF MISCONDUCT</p> <p>but tell me where you can go, and I'll speed things up to get you out of here". Be that as it may, that is not the proper solution to O'Malley's ongoing, worsening, unprovoked and abusive public displays and behavior toward me. There are loud, false, public allegations and racial slurs, in an attempt to stir up trouble with unit inmates who don't know me or know any better. His words and behavior are purposely intended to place me in harms way, even more so in a unit (M1) used to house white racists and their gangs (some covered with nazi insignia tattoos)- as he knows (and hates) that I'm obviously a ***Too many characters to fit in space allotted, please see original***</p>		
Remedy Requested	<p>I request that this C.O. cease and desist from his unprofessional behavior, that that he be disciplined and removed from this unit, and not allowed contact with me any where- as he cnnot control himseld and his hatred. Pay me damages for emotional distress and and any other harm that results of him, and the DOC's failure to act.</p>

Complaint	<p>On 8-4-18, I was locked in and put on A/A when I had not done anything wrong. Whatever incident was being investigated I was singled out intentionally, knowingly and maliciously by an officer. I was prejudiced by this officer who chose to punish and end the IPS investigation, lock me in and rule out any other inmate as being responsible. It will be proven that others were clearly candidates to be in question from the date of July 31, 2018 afternoon rec to August 4, 2018 afternoon rec period, but it was me and only me punished. It is clear that this was a retaliatory misconduct by this officer and who else in his dept was involved. It has been several times I have been retaliated towards and it hurts! Which is obviously already known by the individual and officials who are responsible for the acts. I was very mentally and emotionally distressed during this lock-in period and was refused a shower. My state and federal constitutional right guarantees are completely violated.</p>		
Remedy Requested	<p>I request which is in the scope and powers of these officials to be compensated with television and headphones which I feel is fair relief for the mental and emotional anguish I endured. Otherwise to be heard in Judicial Review of Administrated Agency Civil Rule 30A.</p>

Complaint	<p>Persuant to 103 CMR 4191.09 (5) (b), I am not utilitzing the Step 1 Informal Complaint Resolution, and am writing this formal grievance on staff misconduct. On Tuesday Aug. 5, 2018: The move team aproached my cell #4 in P-1, with a beam gun my door was jammed, so they told me to wake up, take the pegg down, and lay on the floor with my hands behind my back, I did as I was told. They came in to the cell as I was laying on the floor the first C.O. slamed the shield hard against my back and started Kneeing the shield and kicked me a few times in the buttocks, then another C.O. grambed my left ankle, another grabed my right ankle and they both started twisting them the opposite ways Then another C.O. grabed my left wrist, another grabed my right wrist and they both started twisting them to opposite way until my bones started craking. While this was going on another climed my bunk punched me a few times in the head and then picked me up by my hair and continued punching me in my head and body. This whole time I told them "Please stop hitting me I'm not resisting" one of the CO.s started laughing saying "so youre not though anymore." This assault went on for a couple of munites until they finaly hand cuffed me and picked me up by my hair. After they stood me up a C.O. came close to my face and said if I do any fast movement they were going to use lethal force against me and that I might end up dead, so I better not do anything stupid while they searched me.</p> <p>I told them I had nothing on me I just woke up to please don't do nothing to me I'm complying.</p>				
Remedy Requested	1- I request that Internal Affairs Probe this matter (103 DOC 522:Internal Affairs unit policy) 2- I request that you preserve all video of me from my cell #34, unit P-1 and til SMU 3- I request that all staff involved w/move team be fired from DOC 4- I request that I be compensated in the amount of \$100,000,00 5- I repectfully request that I do not be retaliated against for utilizing the grievance process (103 CMR 491 08)

Complaint	<p>I spoke to the Superintendents Special Investigator he is aware of this grievance-This grievance is an allegation of staff misconduct against a staff member in the STP and pursuant to 103CMR941.09 (5) (B), (which clearly states as to be unambiguous) "Informal complaints "ARE NOT" required, this grievance is against CO Rosario Jr for his constant and relentless harassment of me and for giving me a razor while on a suicide watch (mental health watch) and telling me to 'do everyone a favor and do it right and just kill yourself' and trashing my cell in violation of the DOC search policy and stealing legal documents and giving these legal documents to other inmates in an attempt to create a violent hostile environment for me in a violent super maximum security prison, with the sole malicious intent to cause me mental and physical harm and creating an apprehension of fear in myself.</p> <p>I am in a mental health program and officer Rosario Jr is supposed to have special training on how to handle inmates with serious mental illnesses. On 6-6-18 after a suicide attempt while on a mental health watch (MHW) I was brought to the nurses protocol room for medical treatment, for my various injuries, and while there CO Rosario Jr. continuously verbally abused me, making threats to assault me saying "I'll give you a fear one, I'll come to your cell and we can fight it out," when the nurse stepped out to get supplies, CO Rosario JR slipped me a razor (this is not the first time he has done this), saying 'now you can do it right and do everyone a favor and kill yourself, that what you want anyhow, isn't it" I'll make sure I sit on you so you won't be interrupted." then the nurse came back and he shut up. Continued on hard copy.</p>		
Remedy Requested	<p>Remind CO Rosario Jr, that he can not assist inmate in the STP on suicide watch, to commit suicide and/or inflict serious self-injuries to themselves, and he can not tell a highly suicidal inmate to kill himself; retrain CO Rosario Jr. in mental health training (as mandated pursuant to 103 DPC 650 to work in the STP with inmates with SMIs) and in dealing with inmates with SMI's; give CO Rosario Jr. sensitivity training; remove CO Rosario Jr from the STP until he can receive the proper training that is mandated to work in the STP with inmates with SMIs; Tell CO Rosario Jr to stop his year long continuous harassment of me which is causing me extreme mental &amp; emotional distress, that resulted in my seriously injuring myself on many occasions.</p>

Complaint	<p>On Friday August 10, 2018, at approximately 3pm, I had asked correctional staff in STP - M3 for a shower. I was refused a shower and also my meal/medication. At approximately 9pm, staff in charge of STP (Sgt Griffin) threatened me with chemical agents and physical assault. At approximately 9:30pm, chemical agents were applied through food slot. I was in the back of my cell before they opened the door. Once the door opened, it was opened only part-way. I walked over to be cuffed up and when I turned around with my hands behind my back, they rushed me and assaulted me. This assault caused me to have a black eye, cuts/bruises to my forehead, cut on my lip, cuts to my shoulders and knees, and cut/bruises from tightened hand/leg restraints. I also suffered emotional pain.</p>

Complaint	On May 11, 2018, at approx 9:55 am Cpt. Gardner knocked on my celldoor walking me up from a sleep & held my letter grievance dated May 5, 2018 stating "Did you write this letter to the Superintendent?" which I answered 'yes' which took place while all other K-1 unit prisoner of the low number side were out for rec. This isn't the way probes are supposed to be conducted it was done this way in attempt to intimidate me into silence about speaking out about staff contaminating my food and to cause friction w/my fellow prisoners which is all in reprisal fo my family and I federal classaction lawsuit against the DOC and Norfolk County D.A., ie, going to cost cos their jobs! When this same capt as a c/o I listed his name in Norfolk county court documents as one of the c/os at MCI C/J whom criminally attempted to force me into pleading guilty to the criminal charges of assaulting c/o James cheever so there is a documented history of such intimidation.			
Remedy Requested	I request the K-1 unit video from May 11, 2018 at 9:50am-10:10am be preserved? This way your administration can't say I am lying on Cpt Gardner.

Complaint	<p>As grounds for the lateness of said grievance, I filed an informal complaint and it was not returned to me until one week ago. That being said on 12-17-17, Sgt. Forget arrived at my cell to search it during a routine "Booz Cruz", the history of him harassing me and overall misconduct &amp; unprofessionalism, from when he was the tier Sgt. in "STP" while I was there before he got thrown out for violations of his duties and harassing myself and other mentally ill persons; moving on to topic hand. He arrived at my cell when I first saw him on the unit doing searches I said in quote to my cell mate [REDACTED] "If he searches our cell were fucked". When he was pat searching me he said to me out loud "leave the shanks in the cell" and "last time I saw you it was in the STP (he said this as an introduction) then he entered my cell which had zero contraband in to search he was in there for so long that all the other 2 man search teams were done with the bottom tier (from cell #17) before he came out with a piece of flip flop he said was a 'shief; then had me &amp; my cellmate brought to the non-contact visit rooms, to be strip searched and our cell to be 'further searched'; when they came for us we were brought to hole for reported 'missing metal' and an altered fan which was so untrue.</p> <p>Then when I got out of the hole and received my property where I was placed on AA to finish off the remaining hours of my 15 days seg time in M1 orientation unit instead of returning to my unit which is normal practice when no conflict exists there. My medical issued AirMax 2017, some other clothing &amp; food items as well as the draft of a currently pending civil action naming both officers in it was missing and my complete medical records and other miscellaneous evidence for said civil suit were all gone. Further, I grieved for property which the grievance officer CO Tocci denied stating that my property was not in there when property inventoried my cell" -CONTINUED ON HARD COPY.</p>		
Remedy Requested	<p>I request that these officers be reprimanded Sgt. Forget, Kyle Smith and kept from further threats and retaliation. Complaint	<p>On 12-27-17, I was lugged to SMU for false allegations out of retaliation by Sgt Forget for filling grievances over numerouse deprivations of my constitutional rights for fair impartial treatment, medical care, including the right to order 2 pairs of specialty order shoes. I was rushed out of my cell, I put on the shoes closest to the door after trying to reach under bed and Sgt Forget verbally onjected and said not to do that. When I was being pat searched he brought up the complaints I made on him in STP. Then said "leave the shanks in the cell." I was then lugged for weapons manufacturing and sent immediately to SMU. After requesting my medical Airmax be brought to the hole with me. I was denied by ommission. Then when I left the hole I was put in orientation unit for further punishment. Me and my cell mate both requested to be put back on N-1 our population unit, we were classed therer. My cell mate was quickly brought back to N-1 but I was made to stay in M-1 for almost 2 month befor being allowe back. The gaurds frequently said that the Sgt. didn't like me. When I was brought my property, my legal/medical records were gone, my medical AirMax 2017 were not in there either, along with \$350.00 in total property was also missing. When I said somthing to the COS they said that "alot of people were going through the same thing' because of the big gang fights and everyones property was getting mixed up. The orthopedic shoes which were prescribed by medical and chosen for me by [REDACTED] after [REDACTED] repeatedly interferred with the orders, were medically necessarry to my needs. I requested exculpatory evidence, such as the pictures of the shelf which was being alledged to have been cut by me, then the pcitures of the same shelf from the previose disciplinary ticket written on [REDACTED], and to view the 'shieht'. Both were denied as "irrelevant". CONT. on hard copy.</p>			
Remedy Requested	<p>I want my footwear prescribed by Dr. King to be refunded/returned (AirMax 2017) or the footweat currently in contaband which are exactly the same. Then I would request monetary compensation for subjecting me too unessarry and wanton infliction of pain, as well as the exculpatory evidence which was denied.</p>

Complaint	<p>No</p> <p>On Tuesday August 7, at 10:45 am I was being escorted to the 11 unit by C.O. Roberts &amp; another C.O. who's name I can't remember. After passing through the sallyport I noticed my property going the opposite way and I started to follow it. C.O. Roberts says "No, your taking the stairs, this way [REDACTED], now!" I told him that I was just going to follow my property and proceeded to do so. I heard C.O. Roberts and the other C.O. running up on me from behind in a loud threatening way and when I turned around C.O. Roberts was in a fighting stance, fists balled up. I decided to defend myself and drew a weapon as a means of defense. Some other C.O.'s started coming at me from behind distracting me and I got beat up pretty bad. I unconscious for a few minutes and when I came to I was cuffed. I was escorted to the search room where a metal detector was supposed to be put in use. Instead, I was slammed against the wall where my feet were stomped repeatedly. Elbows were against the back of my neck with enough pressure to choke me, cutting my air supply as the C.O.'s did as they pleased. Thats when I noticed that the C.O.'s restraining me looked like muscle builders. I couldn't see their faces or their name tags because my eyes were stinging. I kept them closed as they escorted me across the hall to the emergency room. Never using the metal detector at all. I sat on the edge of the bed and the C.O.'s kept applying tremendous pressure on both wrists making it very painful and at one point I thought my wrists were going to snap. My Bob Barkers (bo-bos) were taken off my feet forcefully and set to the side and before I had a chance to say anything to a nurse she was told "Bye "Carroll" or "Karen" and I heard her leave the room in a fuss. I was told to get up to escorted to the J-3 unit (S.M.U.). I could barely walk as they continued to apply even more pressure to my wrists making pain excruciatingly repulsi *TOO MANY CHARACTERS TO FIT INTO IMS* SEE HANDWRITTEN COPY</p>

Complaint	<p>On 4.12.19 at approx. 7am I received legal mail from the Conn. Statewide Grievance Board. This legal mail had been opened prior to its arrival outside my presence &amp; restapled shut. When I asked the delivering IPS ofc. about this he stated he didn't know how the legal mail came to be opened.</p> <p>Subsequently, later that day at approx. 3pm a mental health worker came to my cell to speak to me. This mental health worker was in possession of a copy of a document that was contained in that opened legal mail. This document is what he wanted to ask me about. That document is a pending Court exhibit in an active Habeas Action, wherein I have challenged its authenticity as fabricated as I did not author it. That challenge was one of the basis' for the Confidential Statewide Grievance that was contained in that opened legal mail. Judicial &amp; Attorney Grievances are Highly Confidential...(cont. to pg. 2 attached.) &amp; protected by both State &amp; federal laws. The breach of those confidentiality laws are a criminal act.</p> <p>When I asked the mental health worker how he came to be in possession of this confidential legal document, he stated that it had been forwarded from the Director of Security.</p> <p>Apparently, officials at this institution have opened my legal mail outside my presence, read it, made photo copies of it &amp; then distributed the copies. This improper opening of my legal mail, reading, copying &amp; distributing is violative in the extreme. These issues are further confounded by the fact that these confidential documents are part of a pending Habeas for convictions for murder. The Grievant believes &amp; herein asserts that his incident is only the latest in a pattern of harassment, legal interference &amp; breach of privilege &amp; confidentiality. The Grievant further asserts that these acts are being done in concert with the Conn. DOC &amp; the Conn. States Attorneys Office.</p> <p>These acts violate the Grievants Civil Rights under the U. *TOO MANY CHARACTERS TO FIT INTO IMS SEE ORIGINAL HANDWRITTEN COPY*</p>			
Remedy Requested	<p>I Request: an investigation into the who, why &amp; how my legal mail came to be opened, copied &amp; distributed; the cessation of such improper acts being committed against me; &amp; video preservation of the delivery &amp; mental health visit as described above; any other possible relief available.</p>

Complaint	<p>On 4.16.19 I was given a fraction of my personal property &amp; provided with receipts of what was (supposedly) stored. Their are significant discrepancies with what the Mass. DOC has inventoried as stored &amp; what the Conn. DOC has inventoried as having &amp; sent. (please see attached receipts from Conn. &amp; Mass.) These discrepancies are inclusive of Mass. DOC inventorying no TV, no electric razor, no beard trimmer, no headphones, no ear buds, no religious prayer rug, a discrepancy of 7 CD's &amp; a discrepancy of several 3DS video games. The Conn. DOC receipts clearly reflct that these items were in my property when I was transferred to Mass. DOC &amp; sent. I hereby assert that these items are missing &amp;/or stolen. I hereby assert that the itmes are missing as a direct result of Mass. DOC statff action. I further assert that these items are missing/dispoed of/stolen as an act of retaliation by Mass. DOC officials for Grievances I previously filed regarding my Conn. Property. The clear &amp; striking discrepancies of these reciepts show a clear need for resolution. The proper disposition of prisoner property should always be a top priority for DOC officials. Lastly, grievant has attempted formal filing of this Grievance twice now, the continued refusal to process this properly filed grievance under the guise of pretexts will be seen as acts of conspiracy to cover up staff misconduct &amp; theft by DOC officials which is a criminal act. These acts violate the Grievants Rights under the U.S. Constitution, &amp; State &amp; Federal Laws.</p>

Complaint	<p>On 5.23.19 I received legal mail from the Connecticut Statewide Grievance Committee through the regular mail delivery. Said legal mail was photo-copy of the original document which was seized and withheld by DOC officials. This legal mail was opened outside my presence, read, photo-copied and the originals were seized. (this is one of 5 such incidents I have been subjected to at SBCC). This legal mail is a Statuatory Complaint to the Judicial Branch of Government. The Committe members are Government Officials, Attorneys and all are Officers of the Court. (103 CMR 481.10(1)(a) defines privileged mail as correspondence to &amp; from "officers of the courts", "government attorneys", etc. This is absolutely Legal Mail, in contradiction to the assertions of the informal complaint reviewer who gave a patently and intentional false response. It should be further noted that I have received legal mail from this Committee on four other occasions here at SBCC &amp; on each of those occasions that legal mail was delievered as legal mail by the appropriate IPS officials. Any assertion that this is not legal mail &amp; can be opened and read as asserted by the informal reviewed is knowingly false. Most importantly the documents of this legal mail are the subject of a current Court Ordered Seal, the viewing, copying, etc of these documents is a criminal offense that violates mulitple State &amp; Federal Laws, inclusive of OBSTRUCTION OF JUSTICE. (see Docket [REDACTED]). These acts are being done intentionally with malicious &amp;/or unlawful purposes. Said acts violate State &amp; Federal Laws &amp; my Civil Rights under the U.S. Constitution. Said acts not only violate policy, procedure &amp; regulation but also criminal statutes. These are acts of Staff Misconduct &amp; must be investigated &amp; addressed as such.</p>		
Remedy Requested	<p>I request: an investigation into the continued improper acts with my legal mail; &amp; cessation to the improper acts with my legal mail; &amp; official written notice of the findings of the requested investigation to be provided to me; &amp; a single assigned supervisor to be the sole DOC official responsible for the processing &amp; delivery of my legal mail.</p>

Complaint	<p>I am grieving, yet another incident of violations &amp; misconduct with my legal mail. I hereby assert that these violative issues are acts being intentionally engaged in by DOC officials to interfere with my legal claims (possibly in concert with the Conn. DOC &amp; States Attorney), to harassme &amp; retaliate against me for protected conduct. On 6.1.19 at approx. 2:15pm I received legal mail from attorney [REDACTED], that had been opened outside my presence &amp; re-taped shut. When I askd the delivering IPS ofc. about this he stated he "did not open the legal mail". I noted this improper opening when I signed the log book. The opening of legal mail outside my presence is an egregious act that violates 103 CMR 481.11(3). As I have been informed through written response by the DOS that staff were talked to about this the only possible explanation for the continued re-occurring issues is that they are intentional. Further, this legal mail was post marked as "PRIORITY MAIL 1-Day" on 5.25.19. This legal mail was improperly with held from me by SBCC officials for approx. 6 days. This improper with holding violates 103 CMR 481.07(2) &amp; (3) which require direct delivery of mail after collection, within 24 hours of collection. This legal mail was sent priority mail for a reason, I have several significant court hearings next week in Connecticut, which I needed to prepare for. Because of this improper with holding I will not have time to prepare myself or the documentation I will need. As a result of this improper with holding I may need to request a continuance, I may be denied a continuance, etc. My legal actions can &amp; have been severely impacted by these improper &amp; violative acts of misconduct. As such action needs to be taken by the SBCC administration to protect me from future incidents.</p>			
Remedy Requested	<p>As a result of these ongoing issues (that appear to be escalating) I request the following: 1.an investigation into this incident; 2the immediate cessation of these acts of misconduct with my legal mail; 3. a specific designated official to be the sole handler of my legal mail to protect from future incidents &amp; guarantee accountability.</p>

Complaint	<p>I am grieving the ACTS OF STAFF MISCONDUCT being engaged in by Property Sgt. Gill, which violates Regulation &amp; my Civil Rights.</p> <p>Sgt. Gill has refused to process my Orders statting that they do not have to be processed until contraband is dealt with. (please see attached). First, I do NOT have any contraband. As Sgt. Gill is fully aware, I am an Out-of-State prisoner, all of my property is subject to storage, and expressly not subject to disposal. As a matter of policy and law I could not possibly have any contraband issues that need to be dealt with. Further, I have previously corresponded to Sgt. Gill to ensure ALL property is stored. He is on complete NOTICE of this.</p> <p>Also, their is absolutely NO language in 103 CMR 403 that grants any authority or discretion to refuse to process properly submitted orders. IF their is a facility level "practice" that is being utilized to facilitate these improper refusals to process properly filed orders it would be violative in the extreme as it would be in excess of the authority granted by the properly promulgated regulation and it would directly contradict 103 CMR 403 SS III, which deligates the responsibilities of the property division. As properly promulgated regulations superced any facility level practice or policy and deligate said practice or policies, any action that contradicts it or is in excess of it, violates it and is actionable.</p> <p>Most importantly, the order which was refused processing is a Religious Order. The refusal to process my properly filed Religious Order is a direct act that interferes with and denies me my ability to practice my religion.</p> <p>(it should be noted for the record that a previous order for my religious items was properly processed and had to be returned due to an error by the property department. wherein I was forced to file a complaint to remedy. It is noticably related following that complaint this denial was issues)</p> <p>*TOO MANY CHARACTERS TO FIT INTO IMS* SEE ORIGINAL HANDWRITTEN COPY</p>			
Remedy Requested	I request: the cessation of improper conduct related to my property; & the processing of all property orders; & appropriate action on all property requests in a timely manner: & the cessation of this improper practice of refusing to process orders whil "contraband is pending".

Complaint	<p>I am Grieving Acts of Staff Misconduct I was subjected to on the date of July 19th, 2019.</p> <p>On that date Staff refused to pass out breakfast until after interrogations were complete. At some point I was taken out of my cell (N2-3) to the Booking area wherein I was forced to enter an X-Ray machine while in metal restraints, which violates multiple State &amp; Federal Regulations &amp; places health &amp; well being in significant jeopardy.</p> <p>I was then forced, against my will, to enter a supply closet, while restrained with two Corrections interrogators from the Office of Investigative Services. One male &amp; one female.</p> <p>After stating I had no knowledge of anything &amp; evoked my Right not to speak with them or participate in their interrogation they then forced me to participate in their interrogation &amp; continued to force me to endure their questioning. I repeatedly requested to leave the supply closet, which is not a video recorded area, and which I am not even authorized to be in, because I felt unsafe in this off camera area with corrections staff secured in this room with me. My requests were denied &amp; I was continued to be made to feel unsafe.</p> <p>The male interrogator then began to physically examine my body &amp; physically forced my body to move &amp; forcefully manipulated my body &amp; arms. I repeatedly told him to cease his improper physical contact with my body as it made me feel even more unsafe &amp; uncomfortable &amp; violated. he continued in his actions.</p> <p>I continued to ask to leave the supply closet &amp; the male corrections official told me I would only be allowed after he said I could. I then stood in silence for several minutes &amp; they continued to hold me there. Complaint	<p>No I am Grieving acts of Staff Misconduct being engaged in by IGC Thomas Tocci. I filed two Grievances on 8.16.19 with claims of staff misconduct, on 8.21.19 Tocci returned said Grievances to me and stated "Informal Complaint" is required. This Directly violates 103 CMR 491.09(5)(b), which expressly exempts allegations of staff misconduct from the Informal Requirment. Further, Tocci has been previously instructed to file "Any &amp; All" Grievances that I file that "mention staff misconduct". Said instruction was issued to Tocci via a staff misconduct Grievance filed against him for this same kind of conduct, said grievance was granted.</p> <p>Also, it has come to my attention that Tocci has falsified state Documents in regards to my Grievances. I have filed many grievances over the year and Tocci has never once interviewed me for a single one, in direct violation of 103 CMR 491.15 (3) (d) (1), he has falsely document that he has conducted interviews and that I "had nothing to add". It is my understanding in Massachusetts the false documentation by a State Employee in the Course of their Official Duties is a Criminal Offense.</p> <p>Tocci is clearly violating regulation with full knowledge and intent. Further, he is violation the authority of his supervisors and the Department who instructed him to file said grievances. Not only are his actions direct acts of insubordination to his supervising authorities, they violate policy and regulation and State Statute. His actions also expressly and intentionally violate my Civil Rights Under the United States Constitution. Said actions are an abuse of this essential positions trust and duties and place the well being of the prisoners and the safety and security of the facility in jeopardy of imminent harm.</p>			
Remedy Requested	<p>I REQUEST: Formal Disciplinary Action &amp;/or Reprimand for Tocci's repeated and egregious conduct; &amp; Tocci's removal from the IGC position as he clearly can not be trusted to fullfill said duties and to cease his acuse of said position' &amp; said returned Grievances be filed accordingly; any &amp; all other ppropriate administrative action.</p>

Complaint	<p>This is the 3th time I've try to get this grievance process. I do not know why the (unit CPO) is the (STP unit), on May 8, 2019 did not turn it in.</p> <p>On May 1st, 2019 at apprx: 10:55 AM house in the (STP unit). I was being escorted by two officers from an attorney visit. As I enter cell #3, where I am currently house in. I notice everything was toss all over on the floor. "Officer Tydice" said.</p> <p>To continue turn the page...</p> <p>continued...</p> <p>"I search it. That was for Sampson bitch."</p> <p>On the same day on second shift after recreation I was refuse a shower.</p> <p>Since March of this year the (S.T.P) "officers" have try all type of methods to deter me, like: intimidation, instigation, and harassment. But only in sly ways. Stalk by c/o Tydice, who goes out of his way to have contact with me. Since May 1st.</p> <p>When I try to speak with the unit Sgt. about mistreatment. The "officer" becomes frustrated; as if what you are asking is so over the top or unreasonable. It would seem to be that the "officers" is simply acting upset. To make you think I'm being unreasonable and\or advocating for myself would only make things worse for myself.</p> <p>The same officer, who was just harassing you, will stalk you by bring you, your food, medication, and will escort you from and back to your assign cell. And while escorting you will ask trivial thing like: your walking to fast or to slow. Left your legs higher, or put unneccessing pressure to your arms. Pulling you while the other officer is pushing you. Belching or fortng while escorting you or while serving you your food.</p> <p>This is one of the most egregious form of harassment and stalking. This tactic used by the "officers" is only trying to condition me and other inmates not to advocate or defend oneself from mistreatment.</p>

Complaint	<p>On Friday January 24th-between 9am and 11am-while conducting a major movement of inmates on 2 low-side.(Cells 33-44) During which time an officer fell and a bunch of people laughed. So under the guise of a "cell search" the Tactical Team entered my cell (#25). Upon entering the cell the first officer pushed me onto the bottom bunk. He and another officer pulled my cellmate off the top bunk by his feet. and slammed him onto the floor. Then my face was mashed into my pillow and a taser put to my neck. I was told not to move while someone choked me and someone else punched and kicked my ribs and lower back. at that point I was thrown to the floor and the tallest officer stomped on my head multiple times. They ransacked my cell, after that and left. I asked to go to medical but was told "no one is being seen at this time" by the nurse. So I requested medic 5 and havnt gotten any response.</p>				
Remedy Requested	<p>I want the video footage from the morning in question. I need an MRI for my lower back because I'm in pain still. and I request monetary damages.</p>

Complaint	<p>The staff in property not only refuses to answer the grievances, they are now retaliating and harassing me: On Octoeber first, property provocatively rose me in the middle of the night (I was told by the officer in P-2), are you refusing to come to booking? When I told the officer that the hearing was for 2:00 P.M. Then When I arrived at booking, the officer took my documents and tried to steal one envelops that had the Superintendent address and other governmental entities written on them, then when I complained he gave it back. Further, the Officer Working in the x-ray machine forced me to take the x-ray radiation in spite of the fact that this radiation will worsen the cancer in my lungs_he said he doesn't care Whether I did now, that I will die anyway from that cancer_then, proceeded to make sexual comments While I was stripped and provoked by this officer of property Who had been harrassing me for about three years. he refused to come out of the room While I was being strip by transportation, the officer of SBCC stayed in the room to make inappropriate and sexual comments about my body. These double strips are redundant and allowed for potential sexual misconduct, besides the fact that the radiation in the machine is making my tumor in my lungs worst_ the staff involved in these retaliations are trying to kill me faster so that I may not be able to refile my federal actions. Moreover, With the help of my jail lawyers and outside advisers, We had desired to keep identifying the staff directly retaliating and harrassing me, since the staff had never stop harrassing and intimidating in the first place, by specifically identifying the staff by shift, date and preserving video tape or footages of all incidents, so that I may avoid additional physical harm and illegal segregation. For the above reason, I also now question the new administration failure to order the answer of all grievances Which *TOO MANY CHARACTERS TO FIT INTO IMS SEE ORIGINAL HANDWRITTEN COPY*</p>				
Remedy Requested	Stop additional Radiation from the x-ray machine, it is worsening my tumor in my lungs being exposed to asbestos in MCI Concord.

Complaint	<p>No</p> <p>My issue Is on 1.16.20 I was Housed in H-2 cell 43. Around the time the two H-2 unit Co's Bashaw and Cacciopo were passing out lunch. I asked Co Cacciopo if we were going to be allowed showers due to the fact that at the time it was over the 72 Hour Limit. Co Cacciopo replied with "no you guys are not getting showers so go rest your neck". I then Asked Co Bashaw to put me on the list for Med 5 because I felt as though I was having a mental emergency. CO. Bashaw then stated that he would gladly put me on the med 5 list and that whenhe cuffed me he'd also glady break my wrist. At this point I started to yell about him threatening me. Co Bashaw then slammed my food slot closed without giving me lunch. About five minutes later CO Cacciopo came with a lunch tray and threw it on the floor and said if I can get it I can eat it. I was never given my lunch tray and was never put on the list to speak to mental Health. I Also Asked the Nurse for a medical slip so I could write to Ask for mental Health and Co. Cacciopo replied with a no and I was never Allowed a medical slip.</p>				
Remedy Requested	<p>The remedies I request are for these Co's to receive the proper reprimand/ punishment for violating multiple laws and CMR's and for monetary compensation for the cruel and unusual punishment I was forced to endure by not being fed and not recieving the proper mental health that Im entitled to.</p>

Complaint	<p>On 1-23-20 I was woke up out of bed sometime after lunch was passed out. I Had multiple Co's at my door with pepper paint ball guns and bean bag guns. One of these Co's yelled at me and said "get the fuck to the back of the cell, face the wall and put your hands on your head", All to which I complied. This same CO then had me turn and face them and conduct a strip search. Once I was naked and he told me to get dressed I reached for my Boxers that he put on the bed and was struck in my face with his hand and told not to come that close when I was struck I tripped backwards and hit my left ribs agains the metal table in my room which caused extreme pain in my ribs. my Boxers and T-shirt was then thrown on the floor in front of me and I was once again told to get dressed once I had my Boxers and T-shirt on I was roughly placed in restraints and escorted out of my cell and into the hallway while being escorted my left hand and wrist was bent to the point of causing pain. I Asked if they needed to be so ruff to which He bent my wrist more and I thought it would break. I was then made to sit in the metal detector chair and brought to the unit Im still currently in P-2 I then Asked to see medical for my injuries and was denied and threatened to get off my Door out of fear of Next page Being injured further and also seeing other inmates not only beat up but, sprayed Tased and bit by K-9 dogs I decided it might be wise to stop asking for medical assistance. I was also not able to write to anyone due to the fact that we were not given pens or paper for days and we were only Allowed Boxers, 1 shoirt 2 flip flops and a bed roll. I still am dealing with slight pain in my left wrist and rips but my face is mostly healed. I do not know these Co's Names due to the fact that they had no name tags on while conducting this move.</p>				
Remedy Requested	<p>My requested Remedy is that the CO's that committed crimes of Assault and battery be suspended and properly Reprimanded and recieve a Just punishment. I Also request an Investgation into this.</p>

Informal filed Complaint	Yes Please see Informal Complaint Form. This is what I wrote and want that Informal Complaint Form for this part of the Grievance.		
Remedy Requested	I want this problem investigated to the high level. This shouldn't have happened. I could have turned out a lot different if someone that was violent was being taken the way I was. If I had a razor and cut myself and did die how would all the staff involved saw where i got the razor from This whole thing shouldn't happened it needs to be investagged so it don't happen again plus when I got my property from SBCC a lot of my stuff is missing a hairbrust, tons of magazine photos that I cant never replace, my tarot cards that are on my books/property I got the book but not the 72 deck card set and the earbuds that came with the tablet I bought also a new note pad of white lined paper and a box of enveapoles plus a 3 foot tv cable that I bought, my stuff from long term storage a lock, Hot Pot from concord soupdish, personal paperwork like my family's phone numbers and a lot more I want that stuff that can be replaced, replaced I can't do anything about the other stuff, because it must have gotten thrown away because I didn't get any contraband slibs so where else could have it went This is one of the reasons I didn't want to move because stuff always comes up missing and then I have to fight like hell to get it replaced I want that and the staff from SBCC and the Officers that took me disciplined for not following the CMR's policy after I told them I was going to kill myself.

Complaint	<p>Well I've already put a formal complaint in so now I put this grievance! Well I'm trying to put some type of discipline on these so called correctional officers that are working in this prison, the ips planted 6-pages of K-2 in my cell and tested it themselves and it came back positive! Then I fought it and sent the pages out to actually get tested at there in an actual lab when they do actual lab tests and it came back negative for k-2. So they made me lose my move to a medium and all this just cause I wouldn't be there confidential informant!</p>				
Remedy Requested	<p>Well I want the officers involved to be put back in training to be an actual correctional officer not a dirty one sir! There has to be some type of discipline towards these ips that planted those 6-pages in my cell please and thank you very much!!!</p>

Complaint	<p>I've been the target of SBCC's IPS team members IPS Sgt Sheppard, IPS Colon, IPS beach &amp; IPS Cushingberry since Nov 8th. I refused to become their institutional snitch &amp; Sgt Sheppard &amp; Colon both threatened me with consequences ranging from the full force of their authority &amp; power to the lost of my personal property, medium move, job etc. I said fine. Then these IPS team members began their attack on me by falsifying d-report # 424382 on Nov 8th 2018 which culminated various trifling d-reports inbetween a much more serious ddu referral # 429687 on Feb 6th 2019. I filed a grievance concerning the Nov 8th 2018 d-report, # 103904 laying out all these same threats &amp; seeking administrative assistance to investigate my allegations before deploy their operations to full measure, but to no avail. On 6-13-19 both the Nov 8th 2018 &amp; Feb 6th 2019 D-reports were resolved in not guilty findings proving that they indeed falsified those d-reports in retiation to my refusing their attempts to make me a snitch</p>		
Remedy Requested	<p>I want these IPS team members disband - Sgt Sheppard, Colon &amp; company fired. The grievance officers removed from his position &amp; the supt &amp; D.O.S both severely reprimanded. I want to be reimbursed in full for the lost of my property, both personal &amp; material. Complaint	<p>On or about 9-5-19 to the overnight Shift I had cut a big gash in my left arm exposing where the A.C. artery was stitched closed weeks prior. Upon reaching H.S.U the overnight nurse said I need to go out to the hospital B.L.S. After walking away with the Lt. that was and had walked over with us to H.S.U She shortly came back and said I wasn't going out that instead she was going to try to get ahold of somebody to come in and stitch me up. But nobody ever showed up and the time lapsed to get stitches so I was left with a hole in my arm 3 inches long x 2 inches wide and a 1/4 inch deep. Upon speaking to medical today I was informed that the reason I didn't go out was because the Lt. said that the nurse couldn't send me out because I was a four man trip. By saying and doing that he put my life at risk.</p>		
Remedy Requested	<p>I want said Lt. fired or at the very least 20 day suspension, letter, written letter of reprimand and I want \$150,000 compensation for neglect on behalf of DOC officer damages known and unknown.</p>

Complaint	<p>I was Assaulted and moved with excessive force on December, 1st, 2019. LT. Duechene and a Tactical team were going door to door on Non responsive inmates in G-2 Prying pegs out of doors without having video recording or not a spontaneous act and ordering to be Placed on the ground in are cells by the time they arrived to my cell they had already extracted 4 people with Chemical agent and paintball guns both they used excessively and without video recording once at my cell they ordered I get on the ground I ask for what I am in my cell once Lt Duechene became aggravated and sprayed me I turned around towards my window and thats when I was shott in my upper back followed by my thighs and left buttock. I said I did nothing wrong Im in my cell. Once mostly all the Correctional officers were in my cell is when the beating started. I was scarred to go on the ground because I felt the beating would continue and I would be more vulnerable. There were officers Kneeing, punching and using foul language calling names and racist Slur's. While this took place I was shot in the face and the top of my head then I was slammed to the floor where I was still punched at. Once the got the cuffes on they put them on so tight it cut circulation to my wrist. I was sprayed a additional time and in total was shot 3 times in the back, 3 times in my right knee, once on my left buttock once in the face and once on the head. another valid reason why I was nervous to get on the floor is because I just got surgery on my knee 7 months ago I tore my Acl so I was worried they could part take in foul play once I was on the ground. There protocal was totally different then how they are supposed to respond to a unresponsive inmate and no video recording is 100 percent proof. There are cameras on the unit to prove they were not video recording this night when this took place. Informal filed	No			
Complaint	<p>On January 22nd 2020 around approximately 4:30 p.m to 5:10 p.m. on J3, cell #16, I was assaulted by 5 or 6 tactical team correctional officers. The tactical team was doing a round on J3 &amp; started to go by my cell when a CO approached my door &amp; asked me what I had just said, I responded by saying it was not me that had yelled something out my door. The CO then asked me if I wanted the team to come into my cell &amp; "fuck you up", which I responded by saying "no but if that's what you want to do I can't stop you". The CO then called the other tactical team officers back to my cell &amp; said "we got one over here guys". I was then asked repetitively if I was "ready". which I responded by saying "no I don't want y'all to come in here" I was then told I better be laying on the floor with my hands behind my back before the door opens, which I complied with. When the door opened I was on my stomach with my hands behind my back &amp; then I immediately felt punches to the back of my head. I took my hands from behind my back to cover my face &amp; I began to feel a few kicks to the side of my stomach. I was then told to stand up which I did. When I stood up 2 or 3 Co's began to slap &amp; punch my face all while saying how much of a pussy I was for not swinging back. At one point a CO came in &amp; got into my face said "you spics &amp; Niggers want to jump CO's, you tough now, huh, huh?" at which time I had my head pushed into the wall. I was then told to strip, which I complied with. As I was taking off my shirt to strip I was punched while the shirt was over my head which resulted in me falling on to my bunk. I was repetitively told to strip quicker which I was trying to do as fast as possible to end this encounter. When I finally got all my clothes off they were not even searched I was just told to put them back on. When I was dressed another CO told me to turn around + face the wall with my hands behind my back, which I complied. TOO MANY CHARACTERS, REMAINDER OF GRIEVANCE ON FILE</p>

Complaint	<p>On Nov. 13 during a unit shakedown at approximately 9:40am, I was a victim of a hate crime, excessive force during a restraint, and assault by correctional officer Paul E. Birri in the Level 2 South Corridor. While I was in wrist restraints facing a wall, Officer Birri bent my wrist, without any probable cause as I willingly cuffed up, leaned within earshot and told me my mother was a bitch. Then While I was facedown with Multiple C.O's on top of me, I began yelling "I am NOT resisting", but they [CO's] did not care as Officer Birri and other officers yelled "stop resisting". At the same time, Birri who was on my left wrist and another C.O on my right tightened my cuffs to the point my wrists were swollen and It's been 2 weeks and I still can't feel my thumbs, which is excessive force. I was already in restraint and I willingly cuffed up and I repeatedly said I was not resisting. While the excessive force occurred, Officer Birri called me a nigger, which is obviously a hate crime. Right after that, Birri spit inside of my left ear, which is assault. The only reason Why I am just now reporting this is because I just found out Birri's name via my disciplinary report. It is funny every offense I am accused of, Officer Birri committed himself.</p>		
Remedy Requested	I want everyone responsible to be held accountable, also to be taken out of segregation, and compensation as I don't know if there is permanent nerve damage in my wrists

ON November 13th 2019 I was assaulted by Lt. Nichols. What Led to this was the following.. (After being Assaulted with a chemical agent! They whole unit was searched, our cells and persons. We were denied statutorily reQuired showers every 3 days thots reQuired by Law. Our property was taken for no reason. In short the whole thing was punitive. Every inmate was punished for the actions of an alleged gang, which the prison knew about Prior to the assault on C.O Wood. IN NOVmeber 13th 2019 after the above things that Led to me being assaulted , we oN N-2 were denied showers that after 72 hours was reQuired by law. The captain that lied /assaulted</p>

Complaint	<p>On or about Sept. 3, 2019 I was locked in my assigned cell with an inmate almost twice my size [please refer to Id.#'s of both inmates assigned to cell 20 unit G-2 on the above date]. I was beaten for hours knocked in and out of consciousness. Still to this day I am unaware of some of the things that happened to me. My cell was covered in my blood to include the cell door window. I yelled for help from the C/O and kicked the cell-door for long periods of time whenever I was able to. Inspite of all these overwhelming facts there were no security measures taken to stop what was happening to me nor prevent further injury from happening to me. Security rounds were made and I was ignored as I yelled for help. Security rounds were also skipped as the C/O left the unit and did not return for a long period of time. This is all proven after review of the unit G-2 surveillance system on the above date between the hours of 10:30 PM and 3:00 AM the following morning. This failure to effectively conduct security rounds and conduct them consistent with the time frames established by policy has placed my life in danger and has resulted in serious physical injury and psychological injury. These actions have violated my rights.</p>			
Remedy Requested	<p>Compensation, court costs, filing fees, attorney fees, damages; preservation of all video connected to this incident to include security rounds mentioned above; Emergency classification to MCI-Norfolk (med security); placement on single-cell status and I request that I am not retaliated against for filing this complaint.</p>

I was then extracted from my cell to a strip cage where officers cut my clothes off from my body, I than tried to read officers name tags but they were not visible, I than tried to observe the officers to see if I could recognize their faces, but as I tried to do so I was threatned, the officer on myleft in the strip cage said"Go ahead, try to look at me again and see what happens", and so I didn't try to look in fear that they may beat me again. As my clothes were being cut off officers kept hitting me in my private area as I attempted to look at officers the 1st and second time. I was then escorted to the Nurses office where I was quickly and carelessly examined by the TOO MANY CHARACTERS REMAINDER OF GRIEVANCES ON FILE</p>

Complaint	<p>Today paula Fitzpatrick worked as C.P.O For C.P.O Roy. I needed some answers as to my phone concerns &amp; I approached C.P.O Fitzpatrick about these institutional concerns &amp; it immediately became apparent that Ms. Fitzpatrick was still harboring undue hostility towards me regarding my convictions as she made it clear in Sept the couple days she worked that not only did she remember me from my case but hated me. She told me then that I should'nt be alive. I simply dismissed these comments &amp; Focused on my needs. So today she refused to assist me &amp; because visibly agitated &amp; kept turning away from me signaling she did'nt want to continue having any interaction with me. I asked her what was wrong &amp; C.P.O Fitzpatrick told me she did'nt like &amp; that I killed all those people &amp; that child. That she can't get passed that. Then when I confronted her she states she ds'nt follow my case but seen it on t.v. I walked away &amp; she immediately started poisoning me to a young C/O Working the unit today. She, (ie Fitzpatrick) begins telling this C/O that I killed all these people &amp; a chile &amp; how I'm such a horrible person &amp; piece of shit. I was'nt more than three Feet From the desk when she started this hatefull tirade &amp; assail me to this young C/O. This ignorant &amp; uninformed d.o.c employee is the epitome of the gross avbuse &amp; reflection of too many other d.o.c employees mentality towards me regarding my case. She's not here to poison other doc employees against me or provoke them to attack me because she's enamored by the news reports she accepts as the gospel. She's here to perform a public safety function centered on rehabilitation...how can she perform such a crucial function as a mentally inadequate &amp; deficient person personally but more so socially &amp; un particulary this critical environment.</p>				
Remedy Requested	<p>That she's placed on administration leave without pay &amp; fired. Had I verbally abused C.P.O paula Fitzpatrick I would've been Physically attacked &amp; immediately retaliated against with my property being destroyed, over sanctioned with losses of all privileges &amp; given a new case!</p>

Complaint	<p>I am grieving acts of staff misconduct where a correctional officer did physically assault me. On 8/8/19 at approximately 20:19 , while housed in the N2 housing unit, in cell 54, I had my hands hanging out of the cell, feeding trap with a bottle of liquid soap that I was attempting to pass down to a naboring cell. At this time, officer Sergio P Cacioppo was conducting a round and did kick with all of his force the cell feeding trap and my hands and wrists, causeing me physical injury and severe pain. at no point was this use of force necessary. The officer saw my hand in the trap, holding the bottle. If he perceived some type of threat he should have not approached my cell and under no circumstances should he have kicked the trap and my hands, which served no purpose other than to cause me physical pain and harm. This officer assaulted me in retaliation for an earlier verbal confrontation. Said physical force was not appropriate or necessary and violated post orders, policies and rules and regulations. Further said action was a criminal assault and/or battery. The officer then wrote me a false disiplinary report where he claims I threatened him and that I through the bottle at him to cover up his egregious conduct. Any contact he made with the bottle is its contence was a result of his own actions. These actions violate my 4th, 8th and 14 th Amendment rights under the US consitution.</p>		
Remedy Requested	<p>I request: An OIS investigation into this assault seperation from the assaultin gofficers and co-workers. As I fear for my life and personal well being and safety, transfer to secure my safety from assaulting officer; any and all other relief and actions deemed.</p> <p>Appropriate related to said assault.</p>

Complaint	On January 23, 2020 A tactical team armed with Bean Bag guns and paint ball guns, loaded with rubber bullets, walked on to H2 and began to approach multiple cells. They were tasked to move multiple inmates to various other units on the North Side of SBCC. The plan was to take all these inmates that had nothing to do with the recent staff assault on Jan10, 20 and have them to the North Side of SBCC, with the plan to punish innocent inmates by sticking them in a super maxclassified unit with nothing but the boxers and T-shirts they had on and a bare matress and pillow. Not only where we punished in this way for no reason. They also paraded me and others through the halls on the way from H2 to P2 in nothing but Boxers and T-shirts. If I was to walk from the shower with just boxers and a t-shirt on any other day while Female staff was present I would have been issued a ticket and found guilty for being inappropriately dressed. Along with this Form of Humiliating staff miss conduct I was als assaulted By tactical officers that entered my cell #21 in H2. They came in hit me in the face with there paintball gun then put the muzzle of the rubber bullet gun point blank agenst my eyeball and repeatedly dared me to do something stupid to give him a reason to "light me up" as said in his own words. I would gladly give these officers names But they had no names on there uniforms. They are all forms of assault and staff misconduct.			
Remedy Requested	I Request that all officers be held responsible for their actions not just their superiors fore they now what they were doing was wrong and still cairred out their actions. As for the humility and abuse I endured I request a transfer to another facility for I am in fear For my liFe. I also Request monetary compensation for pain and suffering.

Complaint	<p>I was lying in my bed when officers came to my door saying I said something. I said it was not me. They came in punched me several times. One grabbed my throat another put a Tazor to my neck. They continued to hit me while saying "what do you have to say now. Oh look at the little bitch crying now. I continued to yell "I didn't say anything" I saw a guy in black with a helmet on punch me. Another grabbed my throat again. At the bottom of my bed A bald guy began to twist my foot. It turn me over. They hit me some more in my lower region. They then cuffed me, yanked me out of bed and shackled me as tight as they would go. A big guy in a green uniform placed against the wall face first. He drew me back &amp; smashed my cheekbone against the wall 3 different times. Then they twisted my wrist, tightened the cuffs and made my fingers touch my innerfore arm. I screamed. Then they brought me to non contact I saw a nurse who said I needed an x-Ray. Then they sent me back to the unit. I never had any treatment. They took an X-Ray I have spoken to every nurse, no one cares. I called to an I.P.S. to say I was assaulted &amp; was ignored.</p>						
Remedy Requested	<p>I want each and everyone of them charged with assault and reprimanded and for the assaults to stop. I also want to go to an outside hospital to see if there is perminant damage to my wrist.</p>

Complaint	s that On 12-26-19 I was assaulted by Officer Christian to the Point his higher up, SGT. Lauziere had to give him a verbal command to "Stand down and switch off" that he ignored until he was shoved away. I was on my way to the nurse's station for chest pains when this happened. I was told Immediately after the incident that it would not be written up because I did not engage in the disturbance. 4 hours later the SGT. Lauziere came and told me that because she pulled out her mace, that now she would have to write a report to cover her own back. I Never disobey any order or engaged in may aggressive behavior after officer Christian twisted my Arm. The Sargent then went on to make a false report that would accomadate a Story that would cover her and her officer's. Video Survalience Will prove my story as accurate along with Inmates that witnessed this assualt on the tier. The medical nurse can verify that the SGT. said "I was not going to recieve a D-Report for the incident" because I didnt do anything. This is abuse on me and a abuse of power.			
Remedy Requested	For this STAff "Officer Christian" J-3/k-3 to be held accountable for his actions and SGT. Lauziere to be held accountable for making fAlse accusations against me. Video will prove my Innocence.

Complaint	<p>I'm writing in regards of the staff and inmate assaults that took place on January the 10th of 2020. I've been in SBCC since Oct of 2019. I was assaulted by two inmates not even a week of being here. For reason's I have no idea It took place in L-1 unit. I went to the hole and never got any discipline report for it. Then I was house in the N-1 unit. I was locked in my cell by choice and the assault took place a couple feet away from cell. I was in cell 22 in the N-1 unit. after the incident took place is when people started to get extracted from there cells with unuseful force. That's when they got to my cell the door with only me being in the cell and then was told to get to the ground and was shot with what I believe was peper balls. Then as I was going to the ground with zero resistance. I was then punched in the face with closed fist and the kneed and elbowed while I was on the ground. I was then placed in cuffs and wrist and ankels bent to where I feel their close to be broken. Then I was lifted and excorted to hallway while on the way was taunted and thretened by the staff who escorted me. In the hallway was all the other inmates who were extracted in the N-1 unit. Where we were placed on our knee's facing the wall. Not once did I see them record any of this. As we were on out kneesthere were C.O's and some with dogs who taunted us and told us all the profanity we could think of. As dogs barked and growled they egged us on to just make any move possible to be tooken the wrong way so the can react to it. I still have a bullet logded in my spine so when I could no longer hold up straight the Cos will come and bend my wrist till the could no longer and tighten the cuffs then till they could no longer as well. And they would physically put me up straight and told me if i didn't they would hurt me and put me back up straight. I could'nt physically hhold up so this happen multipl times when I crumbled to my sides. Then TOO MANY CHARACTERS REMAINDER OF GRIEVANCE ON FILE</p>

Complaint	<p>on 7/2/19 before "happy hour" ofc. Duval approached my cell door &amp; told me to remove a baseball schedule and a homemade calendar, stating: "Everything must be inside the box, or I will write you up, like your writing us up. Dont think that we dont know." Since people have semi nude pics, mirrors etc on their walls not just in "the box" this is a violation of I.C.C. article IV section (e) which guarantees me to be treated equally.</p> <p>furthermore his statement to issue a conduct violation because "your writing us up," is a retaliatory behavior which is also illegal under federal law est in 1983 and under the ICC. its been intepretted that a transferred inmate retains all the rights &amp; privileges he possessed while confined within the sending state. (i.e. no retaliation for staff misconduct grievances, or subject to "social credit sanction system," nor loss of religious freedoms). Mr Duval is guilty of retaliation, and using the Nazi Germany era "stand for count policy" that was instituted against the Jews in concentration camps. As well as threat of the sanction of the prison's "social credit system" for writing him up.</p> <p>These 3 violations are "just cause" enough to remove him from G-1 duty as per CMR's. Not to mention *1983 retaliation (constitutional law) and disrupting SBCC security of 2 inmates 1 - [REDACTED] and most recently cell # 28? who checked off. (His family contacted Ms Mici on his behalf I understdnad) by leaking case facts. There is a real cover up and conspiracy going on for this man, Duval to still be on G-1 let alone employed.</p> <p>*see letter/the reading of personal &amp; legal mail of 2 others</p>

Complaint	<p>It was brought to my attn by 3-tierman and several inmates Ofc J. Milinazzo is making comments about a letter to Sgt Cuomo months back about missing movement due to his "web use," and subsequent grievances towards SBCC staff for law and rights violations. There by attempting to label me as a "snitch," in retaliation, against 1983 whistle blower laws. This is not only a Constitutional violation under the 8th Amendment but disrupts "safety and security" of the Institution. Even as far as verbally questioning me at morning meds of 7/4 what I meant by a "nice try" comment to an inmate referring to ofc Milinazzo, I ignored his verbal harassment, 4 + inmates in med line also heard. This I believe was an attempt to bait me into a verbal altercation, as he already knew what he's doing, he just had 2 C.O.s in his presence in case I were to "physically try to harm him," which I would never do, (I'm not even physically violent towards myself or other inmates)! I've been in 1-altercation in 19 years of "revolving door" incarceration, and that was with a heroin addict, I had as a cellmate in DE. Drunken off the blood of saints and martyrs, these "harlot Ofcs", I pray see the error of their ways, before the false peace of the Beast.</p> <p>Due to being alerted by a "fellow lifer" to the intensions of Ofc Milinazzo and subsequently his fellow ofc, Duval to "get me off the block," I knew better than to feed into his questioning at morning meds on 7/4. Not only was Duval present, (a known liar and tru manipulator of facts), a third Ofc. was present. While we did have them out numbered, (the inmates had the numbers, yet staff has the weapons). And with an escape door near by, theres no point in a physical or verbal altercation. As he surely knows his offense, as well as those he tried to label me a "snitch" to, at least by now, fighting for rights of inmates, and yourself, against corruption isn't "snitching." *TOO MANY CHARACTERS TO FIT INTO IMS* SEE ORIGINAL HANDWRITTEN COPY</p>

Complaint	<p>On 7/10/16, I was notified that a Disciplinary Report had been dismissed which charged me with assault on staff against CO Bressan, D-Report #424882. On 7/16/19, within 10 days of notification that the D-report had been dismissed, (after Internal Affairs found that Bressan assaulted me), I filed the attached Informal Grievance to Superintendent Steve Kenneway, that went unanswered. Kenneway had ten working days to provide some form of answer, which meant he had until 7/26/19. I currently seek not less than \$15,000.oo, and no more than \$250,000.oo for damages/injuries I suffered when i was assaulted by Bressan. This is a Civil Rights violation, for which damages are sought; court costs and attorney fee's are sought, should this matter require litigation to resolve.</p>		
Remedy Requested	<p>Not less than \$15,000.oo, nor more than \$250,000.oo, for damages/injuries I suffered when i was assaulted by Bressan. Or in the alternative, fire Bressan from his job, and pay me \$15,000.oo in damages: An officer at MCI-Concord had to pay \$15 000.oo to an inmate for assaulting the inmate.</p>

Complaint	On 12/18/19 I was housed in L-3 cell #13. My Next door Neighbor [REDACTED] was housed in L-3 cell #12 and was sprayed with chemical agent 3 times. I repeatedly told officers to move me before they spray the inmate because I have asthma. My request was ignored. Cell #13 and cell #12 is connected by our vents, SINK, and toilets so I am directly affected when anyone is sprayed that close. All the sprayed caused me sever chocking and problems breathing in air. After the incident I asked for a nebulizer treatment and was denied. I previously Filed a grievance and it was returned to me instructing me to file an informal compaint First and I was told I have 3 days to do so. I did exactly that the same day my grievance was returned to me and my informal complaint was returned to me denied claiming time limitation. That is wrong. I missed no time deadlines and I have all documentation to prove that. I also have the original grievance I filed that was returned to me. I also have a copy of this grievance. In accordance with 103 CMR 491 I have 3 working days to properly File the informal greivance First due to me Filing a greivance First.			
Remedy Requested	I'm requesting my grievance be heard. Also if theres a next time someone gets sprayed that close to me I'm moved before the spray is used. I'm also requesting monetary damages.

Complaint	<p>No</p> <p>I was told to file an informal complaint which I did approximately the incident date, however I was given false information by staff &amp; ultimately told my informal complaint could not be processed because assaults &amp; attempted murders are not informal inquiries. This has now caused me to default by technicality in my allotted ten days for being able to use the grievance process. Also the incident was reported days before my first informal was processed &amp; nobody informed me at that time my complaint did fit the informal criteria. On 7/20/19 in &amp; around cell #22 I notified correctional staff I was feeling suicidal ideations &amp; needed a crisis. I was ignored &amp; in fact told to kill myself by staff &amp; denied medic 5. I flooded my cell covered my window &amp; was being provoked to commit suicide &amp; told if I did they wouldn't even come if I did. Please review Inmate [REDACTED] cell extraction footage &amp; clearly had stated I needed to leave my cell. After being denied mental health treatment I was forced or felt I was forced to commit suicide. I ingested two razor blades &amp; powdered battery acid in front of a correctional staff which then he called in an emergency. Exiting the cell I felt I was in danger &amp; I tried to evade conflict. I was slammed on my back, strangled &amp; beaten all while my face was held in approximately six inches of toilet water. Furthermore the sergeant was forcing me to ingest water by cupping it into my face while drowning me all while saying "you are worse than a Skinner &amp; I am going to drown you on this fucking tier." I yelled &amp; screamed for help but it further infuriated my would be assassin &amp; at that point lost all consciousness. I awoke in medical &amp; could hardly breath &amp; subsequently vomited toilet water several times. In accordance with the MGL Preservation of evidence act I request the camera footage be stored &amp; send to the following attorneys; [REDACTED]</p>			
Remedy Requested	CONTINUED ON HARD COPY

Complaint	<p>During the shakedown of unit N2 on 1/22/20 I was assaulted by the tactical officer that was assigned to cell 64. The assaults &amp; threats occurred in the gym near the officers bubble while he was holding onto my left hand and left arm. He was enticing me to react to him by him lightly pulling my cuffed left hand and lightly pushing my left elbow forward, which is a tactic used to keep pressure on the shoulder. I held my composure and started laughing to myself which really must've upset him. A minute or so afterwards I felt his fingertips glide on the crack of my buttocks. I maintained my composure and decided to lift my cuffed hands onto the small of my back instead of my buttocks because I realized that he was deliberately resting the back of his on my buttocks the entire time that we were standing there. He immediately pulled my hand up also pushed my elbow forward harder, applying an extreme amount of pressure and pain on my shoulder, and acted as if I did something to him. I told him "it's not even that type of party". He replied by saying "I know it's not that type of party", if we were in old Walpole I would've shoved my fingers up your ass and faced planted you" I continued to maintain my composure, because I've been dealing with people like him for over 26 yrs of my life.</p> <p>I started laughing to myself again and asked him 'this is how you retaliate?' He then stated "oh boy I'm gonna have fun searching your cell and repeated I'm gonna have fun in your cell! He was then relieved by another tact officer. He returned approx 2-3 hours later with a hug grin on his face and I asked him did he have fun? He then stated 'you didn't have anything in your cell' Still grinning like a completely different person from earlier. I was escorted back to unit N2-64 and all of my property had been removed from the cell. On 1/24/20 I was moved to unit K2 cell 13, and was delivered what was considered to be all of my property. Continued on hard copy.</p>				
Remedy Requested	<p>I am requesting immediate reimbursement for my destroyed and missing/discarded property, as well as monetary compensation &amp; punitive damages in the amount of \$50,000.00 in us currency.</p>

Right after that he slams me to the floor and assaults me, he kept beating my head and eyes. I was beat up so bad I was brought to the hospital in an ambulance. As a result to the assault I ened up with a concussion, two black eyes and scratches in my back and buttocks from being dragged. I now have permanent issues with vision because of this assault. I was assaulted in a violent way while in restraints by staff!!!</p>

He allegedly finds a bag containing rotten friute and dumps it all over my cell on my bed and property I think pushed the destroyed property out of my food slot. officer Hillis told me then I was going to get fucked up. So they assembled a move team sprayd me 4 times then came in and beat me up while I was covered in this gas and unable to breath. They cuff me then strike me several times in the back of my head and kneck. Afterward they put me in a watch cell with no cloaths on till the next day. After this incident I was not issued clean cloaths or sheets for over a week. I was then kept past my release date of my DDU sentences 3 days. Since then I've been placed in seg for made up reasons. Also my phone has been shut off improperly and I've sufferd from panic attacks and exteded burning from being placed in the gassed cell without proper cleaning and not being issued uneffected underwear ad socks and shirts. I've been intimidated numerous times by officers telling me not to press my grievance and now suffering reprisals for filing my complaint these Ive mentioned in this grievance. Complaint	<p>This is a grievance of staff misconduct. On May 15, 2019 during breakfast call my cell door was opened for me to get my tray. As I was doing so, C/O Cid seemed to be going upstairs. When he noticed me he then waited on the stairs for me to walk by. As I walked by C/O Cid began to provoke me stating "what the fuck you keep looking at like you are going to do something?" I ignored him, grabbed my tray and returned to my cell. This officer can then be seen speed walking directly to my cell from cell 49 on the top tier yelling to open my cell. Once it was opened Cid stated "what do you want to do, you keep looking at me, do something!" I stated that "I don't have an issue with you" in an attempt to defuse his negative efforts to provoke me. He then responded that "you keep writing me up and I'm not gonna let you get away with that shit!" I simply responded that "you write reports all the time, why are you so upset when someone write you up?" [Continued other side of This Page.] He stated "I never wrote you up and mind your own business!" I then told him that I do not want to talk to him anymore and he walked away as my cell door shut. Suddenly he comes back and yells to open my cell door again. Once it reopened he stated "oh yeah I know what you did to my buddies in Concord too and I'm going to make you pay for that!" I asked "what did I do?" Cid responded "you sued my IPS team" and he walked away. These threats made by this officer are retaliatory for my suing other C/O's and for writing complaints against this officer, both of which I expressed that I did not want to be retaliated against for exercising my rights to grievance and to access the courts. These actions have violated my right not to be retaliated against</p>

Complaint	<p>This is a grievance of staff misconduct. On 5-17-19 C/O Cid can be seen via the G2 unit surveillance system showing other inmates grievances that I wrote against him. This officer should know that this action is inappropriate and could put my safety in danger. He continues to use tactics such as these to quell my exercising the right to grievance and make me appear to be a jailhouse snitch. These actions are on-going and violate my rights, not to be retaliated against for using the grievance process</p>		
Remedy Requested	<p>I want this officers fired removed from a supervisory position over inmates, compensation, court costs, atty fees, filing fees, damages, and this officer to not be given copies of grievances written against him.</p>

Complaint	As a result of an officer making false claims that I Threatened to physically assault him i was subjected to multiple body searches (both frisk & nude) in a clear display of giving me an attitued adjustment. I was hand cuffed after a frisk search inside my cell 18 on unit G2 and then escorted to several different location where I was either frisked or made to strip over and over, each time placed back in hand cuffs after being searched. There was clearly no need to continually search me. I was also in a crisis throughout these searches. Finally after refusing the last request made by officers and mental health for me to strip, I refused. A Tactivle Team then responded and forced stripped my by hand cuffing me yet again, holding me against a wall & then cutting all my clothes off of me. These actions were highly unnecessary, extremely humiliating, traumatizing and collectively sexually harassing. This was done to me in a retaliatory fashion and has violated my rights, as at least one of the officers on the team already participated in me being stripped search.			
Remedy Requested	I want the videos perserved from the time that I was excorted off of unit G2, while in non contact visiting, while in HSU, and in the strip cage inside of SMU/RHU up until I was escorted to cell 25 unit J3 by the Tactical Team; compensation, court costs, filing fees, atty. fees, damages

Complaint	<p>Informal grievance officer did not address my claim. On the above date my complaint was responded to by Deputy Divris. I was retaliated against and intentionally place on the wrong side of the prison so that I would be at risk of physical harm. As a result of that placement I was involved in a physical altercation and am still suffering pain from that altercation. The SBCC Administration, staff and agents knew and should have known such placement would result in an altercation. This is demonstrated by my initial placement on the south sideof the prison upon intake into SBCC on December 21, 2018 and my quay and placement on unit G2 thereafter. This is further demonstrated by the simplest glance at my enemy history on the IMS and the action to have me placed directly into harms way has violated my rights.</p>		
Remedy Requested	<p>Surgery on my left shoulder, preservation of video of physical altercation from unit M1 on June 6, 2019, compensation, court costs, filing fees, attorney fees, damages and emergency classification to MCI-Norfolk - medium security. I also ask that all forms of retaliation cease from happening to me.</p>

On or about 12/16/19 i filed the same informal complaint within the institution. However, I received no response to that informal complaint written as follows: After my placement in a unit for retaliatory purposes I was involved in a physical altercation which the D.O.C. knew and should have known would happen. This placement altercation was due to my refusal to cooperate with D.O.C. investigations after a related incident on November 28, 2019 where over 15 inmates were fighting with weapons involved. This type of retaliatory action has been constant by the D.O.C. against me stemming over 2 years ago. And these actions violate my rights.</p>

Complaint	<p>This is a grievance of staff misconduct. On 12/9/19 I filed an informal complaint via email with Commissioner Mici. On or about 12/16/19 I filed the same informal complaint within the institution. However, I received no response to that informal complaint written as follows: Because of my pending lawsuits and numerous written complaints against D.O.C. staff I am continuously being retaliated against. This demonstrated by the fashion in which my placement was handled. On Thursday November 28, 2019 there was a physical altercation which involved over 15 inmates and weapons. As a result the DOC removed everyone on that unit who was from Bristol County as a safety precaution. Thereafter I was sent to that unit. This all in spite of the video which clearly displays that I defended someone from Bristol County and after the incident was broken up I can be seen clearly conversing with the friend I defended. This friend and I have all the same contacts and visitors on D.O.C. records. As well does another friend who was not in the altercation, however, was still removed from the unit [Continued on other side of this page] after the altercation as a safety precaution. This action was not taken with me. Instead in a retaliatory fashion to deliberately place my life in danger. I was placed back on that unit amongst all the inmates whom Bristol County inmates were separated from; and thus the only Bristol County on that unit. Additionally, my stg status and convictions all derives from Bristol County. These actions has violated my right.</p>

Complaint	<p>On 11/23/2019, I was brought to the solitary J-3 unit where I was first stripped and searched by officers Gagnon and Moarse. They took my sweatsuit, black shorts and my tablet and a pair of Skullcandy headphones because they didn't want me to have the items on my person. They returned to me a thermal shirt, an under tee-shirt, boxer underwear, and a pair of Reebok sneakers. They gave me red scrubs cuffed me and shackled me and commended to escort me to the J-3 cell 20 housing. Upon reaching the entry point of cell #20, officer Moarse and Gagnon ordered me to remove my footwear after just searching my footwear and returning my footwear to me. I felt puzzled and uncertain why these officers were attempting to humiliate me as the cell was filthy and smelled of urine. Officers then demanded I remove my footwear a second time. I then was picked up by these officers and slammed to the floor. Officer Christian joined in on this assault. They ripped my footwear from my feet, called me names while twisting my arms, wrists, and ankles. They then brought me to medical and brought me back to #20 shoeless. I later seen CPO and asked if there is any rule book that outlines removing footwear and CPO Cunningham said no rule exists. I suffer from a hurt shoulder from the assault of Christian, Moarse and Gagnon.</p>

Complaint	<p>Unidentified tactical officers who wore helmets without name tags savagely beat me on January 21, 2020 after leaving L-2 in a massive rehousing process. While cuffed and shackled, tactical officers tasered me multiple times while slamming my head into the cell floor of #12. While being beaten, officers called me "nigger" and said "this is our base." After being brought to medical, I remember asking about my asthma inhaler. I next woke up in an outside hospital and was told my right eyebrow had been stitched up. I urinated on myself at some unknown point. The day prior to this incident, I communicated to the administration through a grievance that I felt unsafe and spoke out against racist officers providing specific (see grievance #106767) of who I alleged to be racist. I further emphasized my concern that I'd be retaliated against.</p>				
Remedy Requested	<p>Close the maximum security prison because of the hateful and racist culture it perpetuates. Make tactical officers wear nametags while they're at SBCC. Enforce race-based training to all guards. Terminate all officers who engage in hate or racism. Monetary compensation.</p>

Complaint	<p>I was sprayed with chemical agents by Lt. Deschene on January 23 after telling him "I am asthmatic and have no involvement with my cell mates issues." My cellmate was agitated after unidentified tactical officers forced him into cell #13 with me from cell #12. Cell thirteen's high beam light will not turn off and [REDACTED] repeatedly requested to move from the cell or have the light fixed, he decided to deal with the issue in his own way. It is not my duty or obligation to intervene in his actions--nor shall I have to bear any punishment from any actions demonstrated by a cellmate or forced housing. I was am, throughout this prolonged night, punished for being a cellmate. Later, upon having consecutive asthma attacks from the use of force with chemical agents, I was moved to #15 cell in the M-2 unit and told by Captain Schwenk I could not have any sheets or blankets. The cell was freezing, she said I could only have a mattress. Around 2:00 A.M. Lt. forget, Sgt. Tocci, Sgt. Hills and C.O. Logan cuffed me up behind my back, aimed a canister of chemical agents at me, threatening to spray me, then placed a mattress inside the cell without any blankets or sheets. Still cuffed behind my back when I attempted to relinquish the cuffs, Sgt. Tocci or Lt. forget (couldn't see) began trying rip the cuffs off my wrist, causing my wrist to bleed. I asked "Why is the grievance officer assaulting me?" he said "I'm not serving in that capacity right now" and said "All Your grievances will be denied." The camera was in view shot to show officers yanking the cuffs on my wrist and NOT trying to remove the cuffs the proper way. Out of fear, I backed away. I was left in cuffs behind my back until 7:00 A.M. I urinated on myself twice throughout this time I was cuffed. IPS officer Colon removed the cuffs at 7:00 A.M. and brought me back to cell #13 where I was initially sprayed with Chemical agents, with the bright light stuck on.</p>				
Remedy Requested	<p>Train officers in race-based training. Terminating all racist officers Lt. Forget, Sgt. Tocci, Deschene, Sgt. Hills and supervisors who participated in the cruel act of sprying me with chemical agents, denying me sheets and forcing me to urine on myself. Monetary Compensation.</p>

Complaint	On Saturday 5/30/20 between 4p and 4:25 pm I observed staff misconduct when Officer Jefferey P Daigneault, before passing out inmate mail, opening my Free Prints envelope full of my girlfriends personal pictures. I'm housed on L2/cell #4. I have a straight view to the officers desk. I witnessed said officer showing the contents to another officer then re-staple the packet. This incident has brought me extreme anguish. I feel violated and disrespected. And because said officer has a well documented history of racial and corruptive behavior. Complaint	<p>On Friday of Jan. 10th (2020), at approximately 1:00pm a fully armed Tactical Unit/"Security Team" (w/out Cameras &amp; Name tags) violently escorted me out of my (then) residence (N-1, Cell #04) and brought me to the 2nd floor main control area and/or central main corridor, to which I was greeted by a very angry "Director of Security" (Ronald Gardner) accompanied by IOS, IPS, and an angry mob of more fully armed Tactical Officers. They stripped me in a little cameraless room by the "Non-Contact Visiting Rooms", rammed my head against the wall of that room, yelled all sorts of menacing threats against the safety of my well being, brought me back out to the central main corridor (by the control room), and forced me (by gun-point) to get on my knees &amp; beg for mercy. After a while, of kneeling on the floor...Ronald Gardner came back w/his same company from earlier and demanded me to get up because we were going for a "little-trip" to the "North-Side Gym". On the way over, he &amp; his Tactical Officers started "taunting me w/racial slurs &amp; promises of retribution (e.g. that I was going "to pay" for what my "brown &amp; balck buddies" did to their fellow Officers, and that I better keep my mouth shut!) Once we reached the North Side Gym...Mr. Gardner &amp; his Tactical Unit asked our dearly beloved "Recreational/Program Officer" (Joe), for the keys to the Gym's "blind-room", of which he (Joe) quickly provided, after opening the double doors to this "blind-room wide open, he motioned ofr them to enter me in it. Once I was escorted in this vacant cameraless "blind-room"...Mr. Gardner &amp; his Tactical Unit resumed their hatefull rhetoric and demanded me to strip naked (again), which I did...only to then be bombarded with multiple violent blows to my head &amp; face, which eventually rendered me unconscious. Commit No	Housing L2	Date Of Incident	20200317
Informal filed Complaint	Date Of Grievance 20200420 <p>I attach my Informal Complaint Form that I submitted March 17, 2020. By mistake I put Incident Date G2 cell 22 Jan 26, 2020. That was dated that I had property in that cell 22. I see now that I should have put March 17, 2020 as the Incident date. That was when C/O Mason brought me some property at L-2. That made me aware that property was not being given to me. The Informal Complaint was denied for exceeding time limit. However, 103CMR491.09 has NO time limit for filing Informal Complaint. (see additional papers) [REDACTED] Inmate Grievance Form (added page). I also did a Staff Access form. The reply was that my property shall be delivered. On April 14, 2020. I asked C/O Mason about my property. He delivered property to L-2, but I did not get any. C/O Mason informed me that the downstairs Sergeant has my property in his office. I wrote letter to Internal Affairs Unit about staff misconduct. My property is being withheld from me. Pursuant to 103CMR491.11(3) this grievance and informal complaint are to be done via 103 DOC 522 Internal Affairs Unit policy. I tried to list the property that I have been not given in my informal complaint. I help describe some items. Holy Scriptures grey cover which I got from the Dominican pastor; my 3 sneakers; 2 brown shower-shoes, 1 black crocs, 8 T-Shirts, 6 boxers, 7 socks, 3 deoderants, 2 boxes of envelopes, 1 bag of black and blue pens, 1 mirror, 3 soapdishes, 1 white towel, 1 photo album with pictures, 3 Dictionaries, 1 6Qt Bowl with lid, 2 Cereal Bowls, 1 black shorts, 1 grey sweatpants. I have not been given a property inventory form regarding these items.</p>		
Remedy Requested	1) Provide me with copy of this paperwork. 2) My property returned to me, 3) Internal Affairs Unit to investigate 4) court costs, 5) Attorney's fees, 6) punitive damage, 7) Damages, 8) compensation.

Complaint	<p>I would like to state that I had a visit from Senator Jamie Eldridge. After my visit officer Loussier and Titus escorted me back to my cell. Officer Loussiere told me that "I was snitching and nothing we did or said will bring this prison back to normal. And he felt no sympathy for us being only fed a 1/2 cup of rice. that he didn't want to hear us crying. And that I would never give him a fair fight because if I did I will be on the floor dead because he will kill me and it would take 16 inmates to do anything to him it happened on N-1" He also told me that he didn't want to hear grown men crying to me and was trying to push me around looking for an aggressive reaction out of me so he can have a reason to beat me up. I was cuffed behind my back and was in fear for my life.</p> <p>that these officers stop threatening us and making us pay for something that has already been solved. It's racism and retaliation at its fullest.</p>

Complaint	<p>On 1-22-20 I was reassigned without due process. During this process I was stripped and led to a hallway between P-2 and L-2. And in front of a large group of inmates and staff, some being female a female k-9 handler instructed her k-9 to extremely aggressively to the Point of Pain inspect my penis and scrotum. A lot of forceful contact was made with these areas by the dog accompanied by cheers by staff and comments like "I think he likes it". When I tried to move away from harm I was threatened with being tased or shot or "fucked up". The female dog handler then instructed her dog to inspect my backside comments were made for her to "make sure she checks real good in there" and she instructed her dog to forcefully insert its snout between my buttocks to where even with my underwear on the dog made contact with my anus. All while being threatened with being shot or tased or maced if I tried to protect myself. The law calls this Aggravated Sexual Assault. I was sexually assaulted under threat of violence. This constitutes AGGRAVATED "reasons of security" do not allow staff to openly humiliate me and sexually assault me. I want written apologies as well as the termination of all staff involved, I'll be pursuing this with an attorney after this step. Video surveillance will show staff involved as well as prove the event.</p>

Complaint	<p>I just became aware that this was a grievable offence. Due to the staff assault on Jan. 10th 2020 on unit N-1, they later on extracted me from my cell. I was never given a chance to cuff up thru the wicket, which is protocol. The door was just opened. Once opened I was immediately pepper sprayed and physically assaulted by officers of the tactical team. I was punched and kicked repeatedly. Those officers involved used excessive force. I was cuffed up on the ground while they beat me up. If they believed I was a "threat", protocol says to cuff me thru the wicket. And if I was not a threat, which I wasn't. I was on the ground, then why was my door opened without me being in restraints? Excessive force.</p>

Complaint	<p>This grievance is about staff misconduct. On 1-27-20 I had a mental health crisis where I inflicted harm upon myself by cutting myself with a razor. A few hours before I decided to cut myself I spoke with Lt. Deschene during his round in unit N2. I showed him I cut myself already but not deep because I needed their attention cause I had asked for a medic 5 every shift for 4 days prior to the incident and no security staff would call mental health. Lt. Deschene told me to cut myself again on his next round and maybe then he'll call a medic 5 for me. A few hours later I had enough and so I inflicted harm upon myself by cutting myself.</p>			
Remedy Requested	I would like LT. Deschene Fired/de-moted/or reprimanded. I would like an apology and \$50, 000 as payment for the mental & physical pain & suffering

Complaint	<p>On January 10th, 2020 (Friday), my Civil Rights &amp; Constitutional Rights have been violated. I was violently slammed down on my cell floor, while my legs were stepped on &amp; shackled, followed by my head being smashed to the floor. During that I was being highly threatened by the Tactical Team and held at gun point while they put handcuffs on. Both cuffs were on so tight I was barely able to walk or feel my hands. I was then forcefully taken up the back stairwell (@gunpoint) to the 2nd level. Upon my arrival I was placed on my knees and threatened not to move, and stay upright on my &amp; off the wall. I was told that if I move in any WAY I would be shot &amp; tased. I was on my knees for several hours, where at one point, I tried to explain to a Tactical Officer that I have a bad knee that was operated on, and that I also had a gunshot wound on my shin-including my childhood injury-which was, I broke both bones on my leg &amp; crushed my ankle. His response in turn was "I don't give a fuck, you hurt one of ours, we hurt all of you's!" All this took place in the presence of the Director of Security (D.O.S.) "Ronald Gardner". This unfortunate experience clearly violated my Constitutional Rights (See:8th Amendment, "Cruel &amp; Unusual Punishment"and under "Corporal Punishment".</p>		
Remedy Requested	<p>I am respectfully requesting that all mentioned staff (including the nameless/tagless Tactical Officers) be terminated &amp; reprimanded. I was housing in the low side of the G2 teir cell #08 were this incident took place. Arriving on the unit I noticed the high side was out for recreation so I immediately informed the C.O that was working the pannel on the block. C.O. Harkins she wasn't paying attention, having a conversation with her CO workers. I told her "can you open cell #08 please" she stated "I know so I proceeded to my cell. As I waited for C.O Harkins to open my cell door it never opened. I was standing there for serveral minutes when I felt a very sharp pain to my lower left area. Complaint	<p><u>No</u></p> <p>On 2-3-20 I received informal complaint forms and was only then able to address the following issues. I filed the informal and was to proceed to formal grievance. This is a totality of circumstances complaint. I prefix my com-plaint by stating that I was not involved in any wrong doing and up until this point I have been a "model prisoner". From January 19th through January 24, 2020, I was denied a shower. On January 21st, 2020, I was stripped down to my boxers, shower slippers and t-shirt, cuffed behind the back, and placed in the gym. I was made to stand (See next page) facing the wall and verbally threatened with bodily harm for engaging in conversation with the prisoner standing next to me. I made several requests to be given access to the bathroom pursuant to the public health regulations. My request was denied. As a result, for approximately 1/2hour I had to fight back the urge to urinate on myself. I was not completely successful. While restrained in such a manner I complained of being in severe pain and discomfort as I have severe degenerative arthiritis in my knees shoulders and back. I was told to deal with it. I was brought to the gym at approximately 2:30pm and remained in there until appoximately 5:30 pm. At approximately 5:30pm I was brough back to my cell. On entering the cell I noticed that all property had been removed from my cell. I would subsequently be given a bedroll, a bar of soap, a tube of state issue toothpaste, a roll of toilet paper, a toothbrush a towel and a face cloth. Among then items taken were my keep on person blood medications. For years i've been trying to manage my blood pressure through the use of medications. I take 100 miligrams of Losartan Potassium, 10 miligrams of Amloipne Besylate and 81 miligrams of aspirin daily. I asked Capt. cruz about my medications and other property items an dwas told that the matter was above his head. I brought the matter to the attention of the TOO MANY CHARACTERS REMAINDER OF GRIEVANCE ON FILE</p>

Complaint	<p>On 1/12/20 I was lugged off of N1 for allegedly Making threats towards staff. While in Medical Exam room 1, waiting to be cleared to go to SMU, I was assaulted by Multiple Co's. I was sitting on the exam table/chair, cuffed behind My back, and shackled, with Co. Wagner behind Me to My right holding one arm, and CO Spafford to My left holding My left arm. While sitting another CO walked straight at Me and threw an elbow to the side of My head ( I'M not sure his name, but I'M sure he can be seen entering the room from the hallway. He was wearin a hat and had a brown beard. Then I was thrown to the floor, and punched, kicked and kneed in the side and back of My head, and all over My body. Also while on the floor My sneakers were ripped off My feet, and My glasses were intentionally stepped on and broken. The only names of the C.O.'s I 100% knoe were involved were Co Wagner, Spafford and Lagrassa. When it was over I heard soMeone say "Don't worry we stayed away from his face" After the incident Medical came in again and cleared Me to go to the hole, after I repeatedly told her I thought My ribs were broken, and I could not see straight. She replied "You look fine to Me", without ever evaluating me. Now after the fact I received a DA/DDU ticket (#452814) stating that "while in exam room 1, I refused Multiple of Officer Wagners orders to sit down, and that is which I Became ComBattive and Lunged at him, forcing him to the wall." This entire report is totally fabricated to hide the assault inflicted on Me by multiple officers. Also, from the time I left My cell, until etetering exam room 1, I aM seen on Multiple camera's throughout the prison being compliant the entire time.</p>				
Remedy Requested	<p>I would like a full investigation. and the CO's responsible to be held accountable for their actions. I.E. falsifying reports, and Multiple assaults with a shaud foot. And I aM also seeking Monitary compensation.</p>

I now write the grievance following my informal. On January -23-2020 the tactical team rushed into my cell (N2-11) and shot me and the cell mate with mace balls, tased and beat up while we sat on the bunk. No one came to the cell before hand to ask us to cuff up or anything. I was left covered in powdered mace for 24+ hours. This use of force was unnecessary. Informal filed	No				
Complaint	<p>In the afternoon of 1/10/20 I was handcuffed and shackled in my cell (N-1/36). During this time the Officer slammed the side of my head off of my cell floor. I had blurred vision off and on for a couple days as well as headaches. The nurse refused to except my sick slips. After being cuffed and shackled I was taken to the second floor corridor. Along the way I had my wrist severely twisted. Once in the corridor I was plced on my knees for multiple hours at a time I was threatened to have my head slammed off the wall if I let my "ass rest on my feet" as the tactical officer said. I believed him because I already had my head smashed off the Floor and because I watched them assult multiple inmates. So because I didn't disire to be manhandled and assulted again I endured staying on my knee in the manner they demanded, even in severe pain. Because of this I still have serious pain in my feet, especially my right foot. The medical department is aware of the injury. In between being on my knees I was stripped naked in front 50 or so Correctional officers and at least one female. This has left me humiliated and emotionally scarred. Also, I first filled out a informal complaint. This is the first opportunity to fill out an actual grievance I was being held in DSU until yesterday.</p>				
Remedy Requested	<p>I am asking for the Officers involved in all of the abuse be disciplined and for me to be compensated monetarily... save all vidio of incidents</p>

Complaint	<p>No</p> <p>On 2-6-20 staff created climate issues by trying to deny showers in violation of 103 CMR 423.13 officer Noistad in his 3:30 pm round stated we are not getting showers. The SGT came to talk and explain the situation. SGT Parady stated that we would not get showers and that it is coming from the Lt and he is only following orders but he refused to identify the Lt. at this point I have not showered since Monday 2-3-20. A move team was assembled with ample time to strategize. I was sprayed and extracted from my cell (5) once I was subdued and handcuffed the officers started to beat on me by striking me in the head, body and continued to spray me in the Face. No one made an attempt to stop this excessive use of Force in violation of 103 CMR 505.08 this was used as a punishment and to discipline me. No Camera was used. Once outside the cell I was taken to the RHU non-contact visiting booth where officers tried to break wrist, arms and inflict pain while taking off the cuffs by forcefully yanking and pulling cuffs in violation of 103 CMR 505.00 et seq. The Lt then stated why didn't you ask for showers I would have given them to you. Lt directed the C/os to hurt me I was placed back in my cell and given showers All this is cruel and unusual punishment</p>

Complaint	<p>On or about the morning of January 22, 2020 I was placed in restraints and escorted to the Gym due to the Retaliatory Operations being conducted in response to a prior isolated incident having nothing to do with me. I was made to remain in restraints and face a wall for what seemed like an eternity. During this time I began to experience extreme discomfort in my chest. I notified staff nearest to me (they were no name tags) that I was having chest pains. Said staff responded by telling me to "Go Fuck yourself" and "hurry up and die". A few minutes later, I passed out coming to within the HSU my life and wellbeing was put at risk by way of said staff's negligence and conduct: I felt in fear for my life and suffered deeply.</p>

Complaint	<p>Am refering to 103 CMR 491. On 1-10-20 multiple staff members were in a physical altercation at S.B.C.C. on the N-1 unit where I was housed at the time. I was at no point involved in the altercation and I complied when all inmates were to lock in there cells. 2 to 3 Hrs later the Tactical Unit at S.B.C.C. came to my cell accosted me to get down on hands and knees they opened my door ran in and pummeled me while screaming "stop resisting" which I was not. I was then brought to the Main 2nd Floor hallway and was told to kneel on my knees or get shot up and bit by the dogs, all while being shackled and cuffed. This lasted for up to 3 hours and was told that I would be shot or bitten by the tactical K-9 dogs if I sisn't comply and when I sat down on my butt I was forcefully stood up by having cuffs that were already tight squeezed even more.</p>			
Remedy Requested	<p>That Tactical Officers be reprimanded or fired and that I be compensated for my pain &amp; suffering</p>

They had Laser beams pointed at my chest and one kept hitting my eyes. The C.O with the bald head told me to strip off my clothes so I did. Once Naked he told me to show him my mouth so I did. Once I started counting I heard a spit noise and then immediately felt it hit my back. He said "we run this place go ahead and try something and I'll hurt you, " I was terrified and said Nothing. He then said " Stand straight up and turn around and Face me" So I complied then he slapped me in the Face and My head napped back. I Just stood there in shock, scared and terrified. He said "put your Boxers on, A t-shirt on and Just your shower shoes bitch." So I did that and remained silent in Fear oF my safety. Commit No.	Housing	P2	Date Of Incident	20200122
Informal filed	No			
Complaint	<p>On Jan 22nd 2020 Between the hours of 8 am - 12 pm Tactical officers entered my cell on (P-2, Cell 23) They immediately began to scream and swear while pointing weapons at my face, with taser beams directly in my eyes. They said they would shot me in the "Fucking face if I moved with out permission" At this point in time they started strip searching me. They had me squat and cough numerous times, each time for more then 30 seconds, on the last time they told me squat down and stay there. After about 60 seconds I began to ask if I could please stand. When they shocked me with the taser. I then fell to the floor. They began to kick me. Once I got up and go dressed they put my hand cuffs on as tight as possible (SEE attachment) Then they started to twist my hands upward, as if they were trying to break my wrist. I was in so much pain that I began to beg for them to please stop. They walked me into the P2/N2 corridor and slammed me up against the wall. I was still begging for them to stop trying to break my arms. At this time another officer came up behind me and placed the taser to my upper back and said into my ear "quit crying like a bitch, or he was going to taze me!", They then brought me to the other side of the hallway. I saw a group of plain clothes people, and the Deputy of Security. I looked him in the eyes and pleaded with him to help me ! letting him known they were trying to snap my wrist. He just looked at me and turned his back.</p> <p>I want all audio and videos of the cell extraction (Cell 23, P2) The names and ranks of all officers, Tactical officers, or people who entered my cell and assaulted me while I was naked. (SEE attachment) I want all officers, Tactical Officers, and Deputy of Security, criminally charged and prosecuted to the fullest extent of the law, and fired without pay.</p>			
Remedy Requested	I want monetarily compensation for pain suffering, lawyer fees, and all court cost. Thank you for your help in this serious matter.

Complaint	On January 21st 2020 I was stripped at gunpoint for no reason & moved out of my cell & put into another cell on another block. Once placed into cell #4 on M-2. I was in a crisis & needed mental health. I reported this to a block officers that I needed medic 5. I was told "I don't give a shit your not seeing anyone today". I continued to ask from morning until night with the same results. Adventually I put a towel on my window to get someones attention. Scargent?s & captain's came to my door. I told them I needed mental health. They also told me tough shit. Finally about 20 officers to my door & told me I woun't see mental health. They said to please keep the towel up so they can shoot me, tase me and come in my cell & strip all my clothes of & leave me naked with no mattress. I haven't been able to sleep, eat, read, write. I have PTSD from all the torment * malicoious treatment. Im to scared to sleep. I stay at my door just in case the officers follow through on there threats.			
Remedy Requested	Due to the staff mis-conduct & the trauma ive suffered & will go through until I leave because im constantly scared of all facility members & how dangerous they have been towards inmates. Im requesting compensation in the amount of \$50,000.00

Complaint	<p>On Jan. 23, on 3-11 shift I was physically Assaulted by staff (correctional officers) due to the fact I called medic five, where I was ignored. So I trashed the tier and held the wicket hostage. They asked me to release the wicket which I complied. The officers breeched my door without warning armed in body gear, mace, Tasers, and a K-Nine Breaking all protocol and regulations of the D.O.C. Policy. When the officers were in my cell I was assaulted before and after I was put in restraints. Upon extraction I sustained injuries by them such as Two Black eyes, a swollen jaw, hurt ribs and a hurt chest due to my S.T.G. affiliation which is Latin King, They were calling me "A Latin King piece of shit" and stating that I was "going to die" all while I was being assaulted. I took that to be in reference to the incident that took place Jan 10, 2020 on unit N1 where officers were being assaulted by inmates known as Latin Kings which I had no knowledge of and I did not participate in. Since the above date of said incident I have been asking and begging for my injuries to be photoed and documented and seeking medical attention but I am still being ignored.</p>				
Remedy Requested	<p>My requested remedy is to be compensated for collateral damage; -To have a copy of all video surveillance documented on file pertaining to incident above - To have all my injuries photographed and documented.</p> <p>To pursue this grievance in an open court of justice.</p>

Complaint	<p>On 1-23-20 I was misstreated in a sexual manner by staff in T..R.T. (Tactical Response Team). They entered my cell #54 in k-2 and told me to strip. I did. They told me to lock my knees bend over and spread my buttocks. I said I'm not confortable doing that I would squat and cough which is the equivalent. They said do as they say or I'll get tazed so I did out of fear of being physiacly hurt if I didn't. I was then just given my Sandals and boxers and told to dress. I asked about the remainder of my clothes they said just that. I was then cuffed and paraded down a hallway in just my boxers being looked at by at least 75 to 100 different staff I believe. Including women I was sexauly humiliated and embarrassed. What they did is in some way against the law. I don't know any of the staff names cause no one had any name tags. I feel sexauly assaulted.</p>				
Remedy Requested	<p>I would like for all staff that took part in sexauly assaulting me to be fired/demoted/reprimanded I would also like to be awarded \$50,000 for the physical and mental trauma/Pain &amp; suffering</p>

Complaint	<p>The incident I am writing about happened on Jan 22, 2020, I am filing this grievance over this incident at the First chance I've had to do so. On Jan 22, 2020 I was assaulted by unknown Tac Team officers that came in my cell #30 in unit N2 in the mid-afternoon. I had been stripped naked and told to put my hands in my head, at the time my back was to the Tac Team officers in my cell. As I was going to put my hands on my head I was told to turn around. as I went to do so. My head was grabbed from (see attached page) the right side and the left side of my head was slammed into my cement cell wall with enough force to make my legs buckle and I almost blacked out. This was done with no warning, I was not acting, or talking in a threatening manner, my back was facing the officers, I was picked up and someone said "watch out don't trip and fall again and started laughing." After standing in the gym for over 3 hours with my arms cuffed behind my back I was finally brought to an empty cell and uncuffed where I then found a large lump on the left side of my head. I was severely dizzy on and off for days after this incident.</p>				
Remedy Requested	<p>If I assaulted staff, I would be charged, the officer that assaulted me should be charged. this should not be allowed to happen again. I am also seeking monetary damages.</p>

Complaint	For the last 5 days I've been calling for medic 5, and crisis I have been refused everytime and blatantly ignored yesterday I called out crisis saying I had racing thoughts and didn't feel safe for myself or others. Officer Narkum said if you're going to kill yourself go ahead I'm not calling any Medic 5's today. This was on block p2 at 3:30 pm. I continue to be ignored. I am an SMI status inmate and my mental and physical well-being is at stake. I'm also supposed to have 2 hours out of my cell 5 days a week and I'm now going on a month locked down with no book cart available no tv, radio, or tablet and the bare minimum of 15 mins a day starting a week ago while the 2 weeks before that no recreation at all this is a violation of my mental health status and my rights. This is cruel and unusual punishment, as well severely inhuman and for over 3 weeks now I have dealt with continuous mental anguish due to misconduct of the officers and superiors of SBCC. Every day locked in the cell and every minute that goes by the cell is a constant battle for my mental and physical well-being.			
Remedy Requested	I request that all officers be held responsible for their actions not just their superiors. Before they knew what they were doing was wrong and still carried out their actions. As for the Mental anguish I continue to endure and abuse from the officers I request a transfer to another facility for I am in fear for my life. I also request monetary compensation for pain and suffering.

Complaint	<p>No</p> <p>On 1-23-20 I was on suicide watch AND I was placed in N1- cell, There was pepper balls inside the cell, I am astmatic. I told the officers working, Adams, Smith, that I was having a hard time breathing could they move my cell. I was in the cell for like 4 hours all messed up. I called for medic 5. Medic 5 did not come. When the nurse Richmond came I told him AND Adams again that I'm having a hard time breathing. I seen Sgt Lazzuire AND told her that I can't breath she responded "you'll be ok." So I decided to hang myself. Officer Smith AND Adams watch me prepare a noose from my tee shirt AND they left with the med cart. Officer Smith CAME BACK to my cell AND SAW me hanging AND just walked away again. Then the line popped AND I cuffed up AND CAME out of my cell AND they wrote it up as an attempted hanging. I've hung up plenty of times. I went back on suicide WATCH PLEASE check AND RETAIN the camera's (1 OF 2) Sgt Raymond AND another officer escorted me to medical. I WAS spitting up globs of mucus. From the paper spray. Sgt. Raymond told me not to spit on him. On 1.24-20 AFTER lunch time I came off the watch, AND the attack team escorted me back to N1-6 cell, the same cell with the pepper balls. (I also gave the pepper ball shells to C.O. Adams and I showed the nurse Richmond, C.O. Adams had a styrophone try top that I put the shells on 1-23-20 I told Stanhope the I.P. That was on the attack team that I'm astmatic I just went on the watch because of pepper balls the next thing I know I hear them say they gonna shock me. AND I was on the floor. I told them that I HAD A HEART ATTACK PLEASE don't shock me. They shackled me AND carried me in the cell ANYWAY with the paper balls I had to call medic 5 again to get out of the cell</p>

Complaint	<p>Please See attachment for brief and understandable summary of my complaint. On Jan,10,2020 There was an altercation on (N-1) between Staff members and prisoner's in which I did not part take in. At about 10:45 Am a fight broke out between staff and prisoners in which I've stated I was not a part of. Thats when everyone was instructed to lock-in their own cells. So I then complied and locked in my cell (#63). When the altercation and conflict were undercontrol later on about 1 1/2 to 2 hrs they came in (Tactical team along with K-9 units) on the unit and began to extract people out of their cells. Eventually they came to my cell #63 on N-1 and instructed me to turn around get on my knee's with my hands above my head in which I complied. They rushed in pointing pepper guns, pellet guns and also taser guns with red laser beams pointed at me. I was slammed to the floor getting my head slammed, smashed on the floor while getting punched and elbowed to my back at no point did I resist. Immediately I was cuffed where my right wrist/hand was placed in the wrong way, also got placed in shackles. Afterwards I was dragged out of my cell while being brought up to the second floor corridor I told the officer to my right that he was hurting my hand due to him putting the cuff on wrong, he continued on twisting and applying pressure to my wrist on purpose trying to break it. When brought upstairs to the 2nd floor corridor where the whole unit was placed I was instructed to get on my knees. While on my knees I was threatened if I got off my knees I'd be slammed to the wall or bitten by the K-9. In the corridor I was on my knees for about 3hrs then brought to the visiting room where I continued to be on my knee's till I got stripped searched and stripped of my property. They threw away my XL-Thermal top shirt, 2 XL Black Gym mesh shorts, and one XL-white t-shirt which were all on my I.M.S. After being stripped searched we were then brought TOO MANY CHARACTERS, REMAINDER OF GRIEVANCE ON FILE</p>				
Remedy Requested	<p>I want all staff members to be held accountable for all their actions. Also that I get compensated for the physical abuse caused at the hands of officers. Also compensated for the PTSD caused due to being tormented by these officers</p>

Complaint	<p>on 1-30-2020 at approximately 10:50 pm an incident of staff misconduct took place. I was escorted from my assigned cell 28 in RHU J3, to the South RHu strip cage. (I was soaking wet from a damaged sprinkler.) I was then strip searched by Lt. Paul Birri and officers carney, Gauvin and Goden. When I was completely naked these persons in turn told me I was a little dick bitch and Pussy. They then under Paul Birris orders opened the neighboring rec deck door and left me soaking wet in nothing but boxers in the RHu strip cage until 8:00am the following morning on 1-31-2020. I tried numerous ways to be escorted out of the frigid strip cage. I covered the camera with a piece of lint. I made a noose out of my boxers and hung myself, At which point officer Gauvin on a security round told me he hopes I die. I was freezing and had to urinate in these quarters as there is no toilet or sink. I was told to not report what happened or I'd be beaten. I was told by Lt. Birri that this was revenge for the assault on c.o. fuller.</p>				
Remedy Requested	<p>I want all staff involved directly and indirectly to be suspended without pay. I also request monetary compensation \$100,000 an hour for every hour I was suffering the cruel and unusual punishment and staff misconduct.</p>

Also not I do not Know the officers names but will describe her as a white woman, with a man bun type hair cut with basically buzzed all around with black hair and a bun on top which she had a thin build as well and the other correctional officers were white males with a variety of hair cuts, body shape sizes and builds except for the one who stripped me which was a black male and also note this all happened during the 7-3 a.m shift</p>

Complaint	<p>On Friday, January 10th, 2020 at approximately 1:20 ish PM a fully armed Tactical Unit/Security Team appeared in front of my cell (#60), in N-1 unit. Through the window of my cell door I couldn't help but notice that none of the Tactical Officers were wearing their Name tags on their uniforms, nor were they carrying their tripod video-recorder. As soon as my cell door opened?all sorts of weapons were raised &amp; pointed at me (guns, tasers &amp; mace-sprays) followed by loud yells / direct-orders for me to get down on the ground with my hands behind my back ? of which I complied / or did as I was told. Unfortunately though, me doing as I was told, wasn't good enough because they violently shoved my face more into the ground while I was on the floor with my hands behind my back already, and twisted my arms, hands &amp; roughed me up violently, for no reason at all. They then escorted me upstairs to the second floor hallway where I saw the entire unit of N-1 Kneeling on the floor facing the wall at gunpoint. At this point, I am now being told to do as the others are for five straight hours. Between those 5 hours I tried to rest my knee's &amp; sit on my Feet. Because my knee's hurt, to much, but that's when the tactical team would come pick me up from my hand twist my wrist call me as spike and slam me into the wall and put me back on my knee's.</p>				
Remedy Requested	I request staff involved fired. And 50,000 dollars.

Complaint	At approximately 8:10 pm Sunday night March 29, 2020. I, [REDACTED] was placed on AA Status for what ever reason maybe which I don't Know. That night tag-team officers ran in on the rec deck area pointing guns & tasers, threaten my safety. I am more than confused because not even 69 hours later I was not cleared for a shower but I was to come out for regular rec time NO shower after 72 hour lock in but cleared for rec time 69 hours later. In the CMRs policy for "Awaiting Action" states "inmates must be kept in cell, NO shower, phone nor rec time until that 72 hours is completely done," than will be given a shower once cleared I was also assaulted by vindictive staff and misidentified.

Complaint	<p>When I was living in the N-1 housing block, and after the incident with staff and other prisoners, I was forcefully removed from the block by a tactical team at gunpoint and forced to kneel down for over 5 hours on my knees in the second floor hallway, near control on the south side corridor floor. When the tactical team first came into the block, they entered my cell with no camera, no name tags, forcefully put me on the floor, placed me in shackles and handcuffs, and stepped on my genitals. After being forced to kneel for "hours" in the hallway, I was then taken to the visiting room area with multiple other prisoners and stripped naked in front of male and female staff, where they laughed at my genitalia being discolored due to them stepping on them in the cell. I was then denied a shower for over a week.</p>

I told him no and he kept asking "Are you on a hunger strike," again and again while other officers were delivering my meal. He laughed and walked away. My cellmate became instantly bothered and Lt. Deschene then said to my cell mate " Ask your cellmate [REDACTED] how is dinner was" as to imply that there was an understanding that I was supposed to be on a hunger strike in solidarity with someone or something. My cellmate replied "I don't care about that." I then asked Lt. Deschene "are you trying to pit me &amp; my cell mate against eachother?" Complaint	<p>Lt. Deschene is intentionally targeting me. Something happened with my cellmate regarding what he did or didn't do on our 15 minute recreation time tonight at 3:45 P.M. to 4:00 P.M. My cellmate, [REDACTED], told both M-2 unit officers "Karr" and "Russell;" My cellmate had nothing to do with placing trays on the tier. "They told him Lt. Deschene" ordered [Russell] to write a disciplinary report against both people in cell #13. The camera will CLEARLY show from 3:45-4:00 (my entire recreation) me not placing any trays anywhere. Lt. Deschene has been falsely filing D-tickets against me. This is a second time he has filed a D-ticket against me for being a "cellmate" I also have a pending grievance against him (106977) &amp; (106909). He's abusing the disciplinary process.</p>

Complaint	<p>I Was brutally beaten by tactical officers in the South Side Restrictive Housing unit (RHU) in the search cage. At 10:30 A.M on 3/5, I was told by Lt. Nichols I'd be moving from M-2 unit to L-2 unit. Upon arriving in the L-2 unit it was not clear in regards to my housing assignment after being told multiple thins regarding this spontaneous move. I fear of officers attempting to Kill me or, trying to put me in a situation to be killed by another prisoner. Out of fear, I requested to be moved to RHU. I was brought to the Non-contact visiting room and left in a compartment for two hours without being fed or being able to urinate. Sgt. St. Perers said I won't be fed and I'd be escorted to RHU soon. C.O Williams escorted me to RHU around 1:20 P.M.. I was brought to search cage Sgt. Tanya Laaer told me I'd be moving with a cellmate within RHU named [REDACTED]. Out of fear I requested to be housed in RHU in a single cell. I stood there for over 3 hours still unable to eat or use the toilet after telling Sgt. Tanya L. and C.O Laveure. Captain R. told me I'd be forced into the cell and I told him bring a camera and I'd feel safe. Mental Health worker Wendy came with a distant camera and asked "are you complying?" I asked to speak to her about mental health issues and she walked away. Tactical officers came to the cage entrance and I put my hands up and explicitly told them I'm an asthmatic and to bring the camera to the front so it can catch my words. I was sprayed countless times that savegely beaten. After being stripped and seeing medical officers beat me really bad in cell #5 in K-3. I bled out until I was brought to medical around 7:00 P.M. after saying I had chest pains. Wendy came back and out of unknown reasons placed me on suicide watch until 4:00 P.M the following day causing me to miss one of two attorney visits.</p>

Complaint	Officer Markovich of the L-1 unit closed my cell door (#15) two minutes early at the conclusion of my recreation period from 6:30 P.M. to 7:45 P.M. When my cell door was opened for outside recreation Markovich called me to the CO desk and said "I promise you I'll write you a D-ticket if you miss your cell door again. Despite him closing the cell door when he's closing doors early and he sees me in direct route to the cell. Upon coming from outside recreation as I'm walking to the cell, the door closes on my way to the cell, causing me, inevitably to miss The cell door. I'm reporting this staff misconduct to record the retaliatory concerned efforts against me. Officers report everytime they decide to make something up about me or not feel I blinked wrong--so it is neccesary I report all staff misconduct. Misconduct is present by this targeted behavior.

Complaint	Officer Narkum told me that L-1 officers reported I refused to go to an X-Ray appointment today because I didn't want to wear blue slip on footwear. I learned this as CO Narkum was escorting Nurse Ryan for Meds and Ryan asked me to sign a refusal slip for X-Ray. This is rediculous! I was never told ANYTHING about a medical appointment today. In fact, I've been on cell restriction awaiting action status (inappropriately) the entire day. I Filed a complaint 3/24/2020 against L-1 officer Bonetti because he denied me to leave the unit because of his personal opinion concerning my footwear. He was working today and said nothing to me regarding an appointment. Bonetti prevented me from accessing legal exchange yesterday because I told him my foot is injured and my current footwear provides cuchion-(shower shoes).

Complaint	When I was stripped searched and brought to the gym by the Tactical Team on 1/22/20, I was stripped in the presence of a female at gunpoint and then was made to walk past multiple female guards in only my boxer shorts, a t-shirt and shower shoes. This was a tactic to humiliate me and embarrass me in retaliation for the fight that happened on the N1 unit between staff and prisoners I had no involvement in. My private parts was on display.

Complaint	On the above stated incident date, after being returned to my cell by officer Mason who had just completed the search of my cell (#25 unit K2) with fellow property officer Brousseau and IPS officer McGurn. I was cleaning my ransacked cell and realized that some of my legal documents regarding a civil rights action/claim I'm going forward with, including officer Mason in various deprivations were missing. An officer searching my cell, reading legal documents, then after seeing either his or his fellow officer's name on them and taking them isn't just theft but a violation of my federally protected rights but also 103 CMR 403.10 and 103 CMR 486.09. This threatening behavior by Mason and McGurn has resulted in me being put back on the North side after less than 2 weeks in K2.			
Remedy Requested	I want \$100,000 as compensation for my rights being violated. I want all related audio and video related (and documents) preserved. (To my cell search)

ONCE THE HANDCUFFS WERE PLACED ON ME, THE EMPLOYEE WRENCHED MY SHOULDER, LIFTING MY HANDCUFFED ARMS UP IN A FORCEFUL MANNER, CAUSING UNNECESSARY PAIN, AND FURTHER DAMAGING MY SHOULDER. When officer Bouderou past out the mail I asked for Medic 5 and it was denied. At 3:05 Officer Gauthier and officer Ganon was calling me a bitch ect. Again at 3:30 I asked for medic 5 Boudreou said make a noose and hang yourself first. Shortly after that Gauthier did a round and said your always calling medic 5 like a bitch. After Bouderou said are you in Crisis and I said yes he came came in front and when killILea told him medic 5 was gone he said I'll fix this and called a unrespnseive inmate and that wasn's true because I was right in front of hm looking at him threw my door. Then they started sauing the was going to write 10 firvuolous tickets to put me on AA. When meds came at night I told the nurse what happend about me calling medic 5 and them refusing to call and she said she was going to document it. Then Bouderou did a another round and stop at the door and said thats what your doing your crying to the nurse bacause your BOSSs made didn't want to call medic 5 for you BOY. That is racist as all hell, and very innappropriate. Then Ganon said I am tired of taking that bitch to medic 5 all the time and I told her that I heard her and she said I dont give a fuck and I said fuck you's to and said she that she was going to write me up also and said that next I call medic 5 and she is working that she is going to set me up with a sexual harrasment ticket.</p>

IPS Sheppard States I Shouldnt have issues as I havnt had issues in the past as I wasnt on the IPS List. Its commonsense Pointless to Deny a money Disburstment to a company as I can have friends, family order books ect. Complaint	<p>Yes</p> <p>I've been missing a good part of my legal work since the prison got flipped in January. When I finally was given my property. I asked the property officer Mason where was said Legal work &amp; was told it must be in legal storage. I recently wrote Legal storage for that legal work &amp; was told that I have no legal work down there. Therefore, property lost my Legal work that's missing including sections of my trial transcripts. I'm trying to appeal a murder case but am being hindered by your prison because property lost hundreds of pages of my legal work.</p> <p>This is interfering with my access to the court &amp; is also interfering with my ability to challenge my conviction. Also, just because I signed for legal materials does not mean I didn't bring this up with property. It only means that I've signed for what was not lost, stupid! Since Sgt. Gill wishes for me to individually itemize my missing Legal work here is that list.</p> <p>Anything prior to the trial</p> <p>All police interviews &amp; reports</p> <p>All forensics (both photos &amp; Lab results)</p> <p>All Autopsy photos &amp; results/reports</p> <p>All evidence of Any kind</p> <p>Trial transcripts Vol. VIII</p> <p>Is that good enough or do I have to go into more specific details? I just want my legal work to appeal my murder case but your property department lost most of it &amp; for all I know Sgt. Gill did it on purpose.</p>

Complaint	<p>On Nov. 29th 2020 around approximately 6:30pm I had A verbal argument about me having A curtain up in my cell with CO Matthew Roberts, soon after when the doors opened for rec on the tier he emmediaely threw on gloves &amp; came straight to my cell &amp; told me he was doing an unscheduled cell search. As he was searching my cell he began to throw some of my property that is not considered contraband into the toilet &amp; flushing it. I was reaching for it I was punched in the face. The punch threw me backwards &amp; he emmediately followed up by trying to grab on to my shirt to keep me in the cell, I pulled back &amp; felt A few more punches thrown towards my face &amp; abdomen &amp; eventually I broke free of his grasp as my shirt ripped in half. Once on to the tier I back peddled towards the showers where I was eventually put into handcuffs. Once brought up to HSU. I was put against the wall outside of HSU first where I stated multiple times that I had a tattoo gun on the waist of my shorts, I was told to shut the fuck up each time by the Seargent, once I was brought into the room with the boss chair they changed my cuffs &amp; put me into the chair, it went off &amp; I told them that I still obviously have the tattoo gun on me so its going to go off, I was then stood up &amp; as my waist band was being searched for the tattoo gun the Sergeant said to pull my shorts &amp; underwear down which the two CO's holding me did. Them pulling down my underwear was not with my consent, I was not in the strip cage which was in front of me &amp; could have been used for a proper strip search of contraband, once my shorts &amp; underwear were down the Sergeant &amp; A few of the CO?S were commenting on the size of my genitals specifically that I had a small dick. Mt genitals were exposed for at least 20 seconds or more while I was cuffed behind th*TOO MANY CHARACTERS TO FIT INTO IMS SEE ORIGINAL HANDWRITTEN COPY*</p>

Complaint	<p>Staff misconduct requires no informal. on 6-28-20 in the afternoon time I called a mental health crisis needing medic 5, with the officers yet 2nd shift came in and I was still in distress but medic 5 still did not show up. I was told by officer mcquin on rounds to speak to the SGt. The officer did not inform the sargent he directed me to wait until the sargent comes around for chow. I then tried to speak to the sargent (SGt. Krauaslolzki) but to even speak to him was considered a favor and the other officer on the chow line said Nobody cares. This keeps on happening to me and I am left with mixed emotions that include suicide with no medic 5 because as the officer put it Nobody cares.</p>

Complaint	<p>I don't know what he was thinking but I was called by G-2 unit officer Kendall who said 'the doctor is here to see you. I called out from the cell #32 right next to the unit desk and asked officer Kendall "is it the nurse practitioner" and out of nowhere officer O'Mally yells out indirectly to me to the whole unit disrespectfully exploiting my serious medical business stating "No the infectious disease doctor" feeling embarrassed and humiliated I responded "Excuse me" then O'Mally came to my cell door and I said "you can't say that" and O'Mally got an attitude and said "Well then don't ask", I then said I'm all set and didn't meet with my H.I.V. doctor. It was because of O'Mally's acts that my serious medical was interfered with</p>

Complaint	<p>This is the second night in a row that Sabblack &amp; Molstad both on individual incidents have abused their authority as simple tier C/O's to take my tablet &amp; not charge it. Again this is sickening as a man to have to write a grievance on petulant employees appearing as adults. I gave Sabblack my tablet &amp; informed him that my plug for my cell has a short in it &amp; needs to be plugged in the adjacent cell's plug to charge. This simple conveyance of information was some how a problem. These 3-11 C/O's are abusing their position &amp; Finding creative ways to refuse to charge my Tablet. The charging of tablets have become the new form of antagonism because the C/O's have the loose authority to deny charging my tablet &amp; tablets in general &amp; the Tablets are the only form of media For me. listening to the radio, reading a book alone drains the battery w/in 30 mins. Yet 3-11 only charge my tablet once?</p>			
Remedy Requested	<p>That the 3-11 Shift Charge tablets at least twice during this shift. (This is such a childish mentality attitude From supposedly mature adults)!</p>

Complaint	On Nov. 14 2020 at appr 11:00p.m I was on an eyeball watch in Cell #1, STP. C/O Jackson was watching me, at appr 11:15p.m I showed C/O Jackson a razor and told him that I was planning on harming myself. Mr. Jackson told me to let him know When I was done "cutting up". I moved my mattress so that Jackson could see me Clearly and the camera as well. I then began to cut in my R. upper thigh deeply and appr. a foot long. When done, I told Jackson I was all done and he called Medical, Who Sent me to an outside hospital U/Mass Leominster Where I received 20-25 Stitches. Mr. Jackson with deliberate indifference and inadequate training allowed me to "Self-harm" an act, quite Sadly, that allowed here at SBCC everyday.			
Remedy Requested	I want C/O Jackson held accountable for his in actions to stop me from harming myself that night, not just a slap on his wrist. I wish to be compensated monetarily. Lastly I want all the video footage of the S.T.P M-3 preserved from Nov. 12th 2020 until time present 12-21-21 for further appellate review. Complaint	<p>The whole incident is written on two white lined pieces of paper front and back that I have enclosed in the same envelope this grievance is in. On 6-18-20 at about 12:30 PM (1330) I was in my cell listeneing to music while my cellmate [REDACTED] sat on the metal frame of my bunk (bottom) and listened to music himself while I was pacing the cell listening to music. Our door was to open at 12:30pm (1330) for our recreation. As i anticipated my door to open for recreation IPS officer Cacioppo and several other officers where standing at my door. Upon seeing this I grabbed a towel to put on my window then proceeded to grab one of the two tattoo motors on my bed. While I did the my cell door opend and the IPS officer Cacioppo seen me flush the motor down the toilet. After that I stepped back with my hands up, palms out and open in a submissive manner, with my back to the back wall infront of the desk. The IPS officer then entered my cell walking towards me in an aggressive manner and when he was about 2 feet away from me he immediately struck me with his right fist, wearing gloves, in my left eye socket the followed up the assult with a left handed blow that struck me in my right cheeck. From the impact of the blows I was shocked and fell to the floor on my knees in front of my cellly, who was still sitting on the bunk with officers screaming at him to "stay still" and "dont move", all the while the IPS officer grabbed me forcefully and shoved my upper body to the floor with the right side of my face on the floor , yelling at me to stop resisting. At that moment I seen blood dripping to the floor wher my left eye is at and my face in that area from the top of my eye to my jawline felt numb and painful. To prevent being further assulted I immediately put both of my hands behind my back where the same IPS officer and another officer roughly grabbed my wrist and placed restraints on me so *TOO MANY CHARACTERS TO FIT INTO IMS SEE ORIGINAL HANDWRITTEN COPY*</p>			
Remedy Requested	I want all the staff involved to be reprimanded and charges be placed on the assaulting IPS officer as well as monetary compensation for my mental, physical and emotional damages.

<p>I have just became aware this was a grieveable offense. I filled out an informal first, was written back on the 5 and received it in my hands on the 7th, because it went to K-3 first where I was just moved from. I was sent to Seg, from July to Sept. with no ticket for me originally being taken from general pop, and the only "explanation" was that "someone dropped a kite saying "something" was going to happen". Was never told what charges were pending. Essentially I was made to go to seg. for 2 months for no reason, even when I left no one told me what was going on, one day I just bailed out. This is clearly retaliation for being a Latin King member, and speaking out about being assaulted on N-1 in Jan. 2020. I am being targeted. This is cruel and unusual.</p>				
Remedy Requested	-to be moved to a lower security jail. I only have 12 points, and I haven't had any violence for over a year and a half. I am clearly being targeted at this jail from fake tickets, to fake reasons to put me in segregation to PREA's and falsified reports and excessive sanctions.

Complaint	<p>Around 8:50 p.m. on unit K-3, cell 7, officer Mclean was doing his rounds, he walked past my door, looked at me, I was at the door and said "You look sexy with that pony tail." I was so taken a back I couldn't respond. Then around 9:00-10:00 p.m officer Mclean and officer Boudreau came to my door. Officer Boudreau told me "strip." I witnessed 2 seperate inmates be taken out that night for "search of the day." So I knew I was not scheduled for a cell search, but I complied with their direct order. While I was naked officer Mclean told me to take my hair tie out. While my long hair was down he told me to "squat and cough" 3 times saying "do it again" after I did it. Then they made me spread my butt cheeks, once I did it, Boudreau said "wider, do it again, we need to know there's nothing in there." I complied. Then they said "turn around, lift your balls." I complied. Then Boudreau said "now spread your balls." I died "pardon, me?" Boudrea said "You heard me, spread your balls." I complied. Then Mclean told me to "pull your foreskin back." Thats when I was like "am I even scheduled to be searched?" As I asked I heard the C.O's in the bubble radio them and ask "Why are you at 7?" Then Boudreau said "Eight, get dressed, we're going to all go to cell one." So I asked again "Is this a scheduled search" Mclean says "No, I just want to see you naked" and Boudreay says "You wanna call a PREA, now we're goint to PREA you." Once he said that I was scared to leave my cell, Boudreau said "cuff up." I said "no, I want to speak to Mental Health" Boudreau says "cuff up." I say "no, I need a medic 5" so I could report their sexual abuse. Boudreau says "cuff up." I say "no, I want to speak to a higher up." Mclean says "Either you cuff up and come out or we'll have the team fuck you up and they'll bring you to a strip cell and they'll strip you, so cuff up and we're all going to cell one and *TOO MANY CHARACTERS TO FIT INTO IMS. Complaint	<p>Today I became aware that this was a grievable offense and not an informal grievance. It states in the C.M.R's 15 days from the date of incident or from when I became aware... While on L-3 unit, I was moved to k-3 unit, and when I moved the C.O's purposely "lost" all of my hygiene products and my Remington Razor, This is clearly retaliation for filing a PREA on staff who work on L-3 unit. Thats why I was moved to K-3, My hygiene products were a shampoo, conditioner, Dove soap, Dial lotion and 2 deoderants.</p>

The search was against International Laws as of /2/2015 (it was of no reason to ensure security of SBCC). Further more it was used to harass, intimidate and unnecessarily intrude upon my privacy. I did not file . to be investigated myself, (it was against staff misconduct). that was to be "investigated". And then the investigator didnt follow stacks/CDC protocol of hand washing before gloves etc. And he also broke section 1983 law by retaliating for calling for a staff investigation & illegally taking Me off camera.				
Remedy Requested	SBCC start following federal/International Laws and Regulations and rewrite the Handbook by kennaway as it stands its a major factor in a lawsuit of my filing.

You refused to participate in the interview process whereby the Superintendent's Special Investigator could not obtain a statement from you and/or acquire additional information needed. Although you did write your version of the incident on the grievance form, interviews are necessary to ensure an accurate account of the incident. Your allegation of staff misconduct is not supported due to a lack of evidence or corroborating witnesses. No further investigation is warranted.

Complaint	<p>I filed numerous complaints against staff and Admin in which for doing so I was harassed by H-2 staff and the Special Investigation by way of numerous cell searches. It happened in May of 2019, July of 2020, and Oct. of 2020. Regardless of what the Inmate Hand book says the subjected retaliatory cell searches and conduct for bringing illicit conduct of prison guard(s) to attention officials is illegal. The law making retaliation for the exercise of a Constitutional right actionable under s1983 has been established for some time and an objectively reasonable official could not fail to know it. In light of pre existing laws the unlawfulness must be apparent.</p> <p>Certainly the retaliatory conduct must be apparent and the basic course of decent human conduct precludes the infliction of such trauma upon me.</p> <p>Freeman v. Blair, Mant Healthy City Board of Education v. Doyle, Buise V. Hudkins, Anderson V. Creighton, Coffman v. Trickey (all judicial precedent for this). To sight it as policy is to acknowledge illegal act as policy.</p> <p>As well as Rule 51 of the Ux1's General Assembly's "mandela Rules" prohibit searches being used to intimidate, harass, and/or unnecessarily intrude upon a prisoners rights and privacy.</p>				
Remedy Requested	If I allege staff misconduct investigate the incident(s) as per law and the (unknown) do not harass me again or I will go to media about illegal rights violations.

As I entered the HSU escorted by these two officers they put me in an examination room with no cameras and I was scared as they threw me on the table while this whole time Im shackled and cuffed from behind my back and they laughed and told me to get up and they rolled me over to face them and when I faced them two other officers entered the room, one I was familiar with as officer Raymond and the other one I dont know because he did not have a name plate on and they closed the door and yelled stop resisting and all four of the officers started to throw closed fist punches at me and my face, head, sides of my face and continued to do so while yelling at me " you like to assault staff you fucking spik huh" and this lasted for about 40 seconds or so then there was a knock on the door and two IPS officers came into the room with a camera and one I was familiar with was cushenberry and the other one I was unable to see him name plate. They took pictures of my injuries on my face and I said my hands and wrists, I can't feel them and they left the room. There's been a on going issue between me and CO Deshene because I went to staff access and complained to Deputy Superintendent and IPS about High Side runners not getting cleared for unit Jobs because this CO said per IPS and administration we couldn't get Jobs only low side. So the next day When she came to work she told me that I ratted on her and any chance she gets to get me off unit I'm going back to north side and never making it back. If you rewind the camras you'll see that at 1:00 PM flip over She didn't open my cell for rec so I asked why and she said Isoline towards staff So I said I would like to speak to Medex 5 that I'm having bad thoughts and she told me She will call them When she feels like it so I had numorus people come to my cell door then go to desk and tell her I'm crisis this is all on camera While other CO was doing his round I was yelling crisis and I'm in cell 64 he went all the way to cell 63 and turned around instead of coming to my cell While I was saying I was in crisis. This issue all started like I said because I went to access hour about the Jobs. I also before did that wrote D.O.S &amp; Super about the Jobs so this is all on paper but the C.O Deshene felt as I told on her and got me off the unit.</p>

Complaint	<p>On 9-25-20 I was removed from H-2 cell 64 for insolent towards staff which was retaliation for complaining at access hour about H-2 highside inmates not being able to have unit jobs. So the following day CO Deschene told me that I told on her and she's gonna do whatever it takes to get me off H-2 and to northside. She also stated that the reason highside don't get jobs is because it's full of Skinners and rats and after googling me she can tell I like to tell on people so she gonna get me off unit. Later that night when I received my property I had no sheets, no towel no pillow case or tablet and shower shoes and when asked where my property is I was told I should of never got on the LT's wife and that was all I had in my cell or someone went and stole my things out of my cell.</p>		
Remedy Requested	<p>I would like a bed roll sheets, pillow case towel that I'm entitled to have and would like the camera reviewed from 9-25-20 from 2:00pm to 9-28-20 and see if any inmate entered my single cell which is cell 64 and staff that allowed them to enter my cell and take my property held accountable and video saved for my lawyer if I decided to file a legal suit. Complaint	<p>On 8-22-2020 I was denied a shower becausse I got a d-ticcket. I called Medic 5 and I was ignored. At around 6:30 pm Nurse Sarah did med rounds and she stopped at my door for my meds and officer Patricca told her he was told not to allow her to give me meds. I am on serious Mental health medication as well as antibiotics at the time for other serious medical reasons. I got upset and went into crisis and told the nurse I need Medic 5 that I feel suicidal and infront of her I tied a rope around my neck. I then went and tied the rope to the window and hung myself. Sgt. hutt C.O. Tokartz along with C.O Casello and C.O Patricca came to my door and where watching me hung from my window, laughing, taking turns looking through my window saying racial things. I heaard C.O tokartz say "die you spick" next pageSgt Hutt said "I am not going in until you die". So I got strength to get myself out of the rope and unhang myself because I felt that they wanted me to die and I couldn't do it anymore. I cuff up like they asked and they pull me out my cell. I wasn't feeling good at all. My neck was all bruised from the rope. a week later I still got marks. My neck hurt and my back as well. I heard my back snap in the middle of my spine. I told Sgt hutt I need medical, that my neck hurt and couldn't move it much as well as my back. I yelled over to the nurse that was in the protocal room that I needed medical attention but officer tokartz and Sgt Hutt said im all set. They left me in the strip cage. I saw Sgt. Hutt, C.O Tokartz and officer Casello go toeards my cell. They came back and brought me back to my cell. I didn't see medical nor mental health. They brought me back to my cell without being Medical cleared and not cleared by Mental health. Medic 5 wasn't even aware. Complaint	B. I., [REDACTED], on oath, pursuant to 28 USCS, 1746, state: (1). This is a staff misconduct grievance against Sgt. Aaron D. Gill, the former property Sgt., at SBCC, who is now assigned to the DOC State Transportation /CTU, transporting inmates around the State of Massachusetts. I object to being transported by Sgt. Gill, anytime, or anywhere. There is bad blood between us, and I claim Sgt. Gill as an ENEMY. For the first, and only time in the 41 years, and 9 months I have been incarcerated, I claim an Officer as enemy, and refuse to be transported by Sgt. Gill; (2). That, I initiated a Formal Staff Misconduct Grievance against Sgt. Gill on 10/14/20, and provided 5 examples of problems I have had with Sgt. Gill, to show the animus that exists. Grievance Sgt. Thomas Tocci, either intentionally/or unintentionally, found I had submitted multiple issue?s in one Grievance which could not be done. This misconstruement brought about the Grievance being unaccepted, and an Informal Grievance was filed/exhausted No. 2540, which found that is a staff misconduct grievance, and is refiled against Sgt. Gill for alleged prior misconduct that would preclude Sgt. Gill from transporting me. I document this matter strictly to create a paper trial in the event Sgt. Gill does transport me, and there is a incident. Signed under the pains and penalties of perjury on this date, 10/30/20.			
Remedy Requested	D. (1). ORDER Sgt. Gill not to transport me anywhere, anytime; (2). notify me in writing, that Sgt. Gill will not transport me.

Complaint	<p>I, [REDACTED], on oath, pursuant to 28 USCS, ss1746, state: (1). That, the Executive Order No. 31, providing for COVID-19 mandates was violated by SBCC staff, assigned to the North Special Management Unit (NSMU), when two NSMU Officers were found to have COVID-19 infection; (2). SBCC did ORDER all NSMU staff to quarantine at home, but todate, have not tracked the two infected NSMU officers, to see which staff, and inmates these officers came into contact with; have not sprayed disinfectant in all areas that these two NSMU officers were in; have not disinfected the staff dining hall area where they picked up food; have not disinfected the inmate food preparation area of SBCC, where these two NSMU were seen at (by other staff and inmates), just immediately prior to these NSMU officers admitting they had COVID-19; have not offered to provide factory sealed meals to inmates in SBCC, until the entire inmate kitchen area is disinfected: COVID-19 can lay on surfaces for up to 9 days, prior to becoming none infectious; (3). SBCC continues to deny inmates the ability to purchase fans which would circulate the air in their individual cells, helping to dissolve COVID-19 particels in the air; SBCC continues to place two inmates in cells designed to hold 1 inmate (8x11 feet), where social distancing is not being practiced by SBCC staff, placing inmates into life threatening danger: and over 300 empty cells exist in SBCC at this time; (4). If inmates do not wear masks and social distance, they are threatened with prison disciplinary board action; (5). SBCC/DOC staff are engaged in misconduct cited above, while continuing to keep SBCC locked down, and/or denying access to the gym/weight room and more: anti-COVID-19 culture. SIGNED under the pains and penalties of perjury on 10/30/20.</p>		
Remedy Requested	<p>(1). Immediately notify staff and inmates thru out the prison/SBCC, when a staff member/inmate tests positive: do not provide their name, but lets us know under the Mass. Fair Information Act, G.L.c. 66/66A, of this information, &amp; I have already received COVID-19 info of this type under the law, so I know, it can be done; (2). tell SBCC staff to follow Executive Order No. 31 completely before they infect us all/some of us die!; (3). allow us to buy fans for the duration of the COVID-19 infection (for reasons set out above); (4). issue an immediate Housing Order for SBCC, directing that all empty cells will be used to house inmates, and inmates will have a cell mate as a last resort until COVID-19 is under control. Currently there are 140 inmates at MCI-Norfolk, with COVID-19. SBCC don't need that large number/problem.</p>

Complaint	<p>Property Sgt. Gill is continuously harassing me and retaliating against me for exercising my rights. On 6/17/20 I was called to the property Dept. for Legal Exchange where I was given limited access to my legal documents before I attended my scheduled video conference hearing Thereafter the hearing and after acquiring all the documents I was approved, Sgt. Gill stopped me and demanded that I put some of these documents back. I then provided Mr. Gill with two (2) letters approving me for additional cubic ft. of legal documents to be stored inside my cell Mr. Gill refused to honor these two approval letters signed by the Deputy of Operations and the Superintendent, one of which was cc-forwarded to him. He stated that he didn't know if the letters were fake. I then expressed that they were cc'd to him, to which he stated he would call the Superintendent's office to verify. He next came back stating that he would allow me to have one cubic foot. I asked Mr. Gill to speak with a Lt. or Capt. which he denied me. I asked him if he was denying me the chain of command to which he responded, "you're nothing but a little black nigger!" "I am the Dept. Head, there is no-one higher on the chain of command and I can do whatever I want down here!" "Now you can pick which documents you want to leave or I'll take them all from you." I was made to choose from all my documents and then leave the remaining documents in the holding cell. I do not know what was done with them thereafter. These actions by Mr. Gill to make racial comments, deny me access to the courts and deny me the chain of command has violated my rights.</p>				
Remedy Requested	<p>I request not to be retaliated against any further by Mr. Gill or his department; request access to legal storage to obtain all of the legal documents I am pre-approved to keep inside my cell, Compensation, court costs, filing fees, attorney fees and damages</p>

Complaint	Inner Perimeter Security office Ryan Kalreese came to the P-2 cell block to deliver legal mail to me from my appeal [REDACTED]. After making me sign a log book saying the mail was delivered to me -- Kalreese opens the legal letter, looks at the letter then confiscates the letter saying "I'm taking your legal mail to test it for drugs." He then comes back to the unit one hour later, cuffs me up, and brings me and my cellmate [REDACTED] to the non-contact visiting room. He then tells me my legal mail from [REDACTED] tested positive for drugs. I was then brought back to the cell #5 P-2 unit. This officer needs to be immediately fired/terminated. This officer has been falsifying test results. I've been incarcerated 16 years and have NEVER used drugs, never sold drugs, never tested positive for any sort of drug or homebrew and I have never attempted to introduce drugs. This is a continued act of retaliation against me.
